Kimmel, 2005-03-23 This volume brings a variety of perspectives to bear on the issue of how higher education institutions can or should choose students during the early part of the 21st century Many of the contributors report on research to develop and validate potential tools to assist those responsible for admission decisions Other contributors however pose broader questions about the nature of selective admissions about institutional responses to the changing demography of those seeking to enter higher education or about the appropriate criteria of success in higher education The volume is particularly timely because the question of how changes in admission tools and processes will affect campus diversity following the recent Supreme Court decision concerning the University of Michigan Diversity is an important concern of all of the contributors and the chapter by Lee Bollinger President at Michigan at the time the court cases were filed is particularly relevant This book brings together the

research that underlies a variety of proposed approaches to improving the selection of students Providing support for the integrity of the admissions process and the validity of new tools to help a higher education institution to select a diverse student body this book explores the implications of the assessment component of K 12 school reform for higher education admissions practices The diverse contributions to this volume reflect the current ferment in educational research and educational practice as institutions of higher education seek to develop a new admissions paradigm for coming decades following the University of Michigan decisions This book is intended for those leaders and professionals who set admission policies and practices in American colleges and graduate and professional schools as well as for those scholars and scientists who research develop and validate tools for use in the process of choosing students in ways that are congruent with an institution s mission values and goals Essays That Worked for Business Schools (Revised) Boykin Curry, Brian Kasbar, 2007-12-18 Applicants looking for the competitive edge in getting accepted at the business school of their choice may want to peruse this book Security Traders Handbook Every year thousands apply for a finite number of places in business schools With similar grades backgrounds and goals sometimes the only thing that can make an applicant stand out is the application essay It s the best chance you have to shine and tip the balance in your favor Essays That Worked for Business Schools shows that the best essays are brief sincere and personal Some are off the wall some are bold all are unique to their creator One applicant writes about starting his own airline Another tells about the corruption in his job as a defense contractor And a third reflects on his license plate From the thousands submitted each year the forty essays in this book were considered some of the best by admissions officers at the nation s top business schools As this collection demonstrates with creativity and effort you can turn almost any topic into an effective successful essay for your business school application
