Turco, 2023-02-28 Harvard Square isn't what it used to be. Spend any time there and you're bound to hear that lament. Yet people have been saying the very same thing for well over a century. So what does it really mean that Harvard Square or any other beloved Main Street or downtown isn't what it used to be? Catherine J. Turco, an economic sociologist and longtime denizen of Harvard Square, set out to answer this question after she started to wonder about her own complicated feelings concerning the changing Square. Diving into

Harvard Square's past and present Turco explores why we love our local marketplaces and why we so often struggle with changes in them Along the way she introduces readers to a compelling set of characters including the early twentieth century businessmen who bonded over scotch and cigars to found the Harvard Square Business Association a feisty frugal landlady who became one of the Square's most powerful property owners in the mid 1900s a neighborhood group calling itself the Harvard Square Defense Fund that fought real estate developers throughout the 1980s and 90s and a local businesswoman who in recent years strove to keep her shop afloat amid personal tragedy the rise of Amazon and a globalizing property market that sent her rent soaring Harvard Square tells the crazy complicated love story of one quirky little marketplace and in the process reveals the hidden love story Americans everywhere have long had with their own Main Streets and downtowns Offering a new and powerful lens that exposes the stability and instability the security and insecurity markets provide Turco transforms how we think about our cherished local marketplaces and markets in general We come to see that our relationship with the markets in our lives is and has always been about our relationship with ourselves and one another how we come together and how we come apart

A short history of electronic music Johann Merrich, 2021-07-20T00:00:00+02:00 The majority of books covering the birth and development of electroacoustic and electronic music do seem to only give us a partial overview of this peculiar aspect of contemporary cultural production essays and monographs provide an androcentric view on the subject rarely mentioning the contribution of inventresses female composers and theorists The young age of electronic music together with the traditional privilege granted by historians to the productions of North America and some European countries contribute in obstructing the drafting of a paritary diagonal and comprehensive view of this topic This

book aims to open a new perspective on electronic music history If we want to write a new more inclusive and equitable future we will have to look at the facts by training a curious gaze stripped of mechanically reiterated certainties From the birth of the Theremin to the first commercial software intended for the production of computer music from Japan to Russia passing through Europe and the American Continent each chapter of this book deals with a specific moment of the history of electronic music narrated through the compositions and experiences of women composers Addressed to lovers of electronic music scholars and non experts **A Short History of Electronic Music and its Women Protagonists** discloses a new and vibrating universe of untold stories Researching Human Geography Anna Davies, Keith Hoggart, Loretta Lees, 2014-04-04
