Unpacking the Competency-Based Classroom Jonathan G. Vander Els, Brian M. Stack, 2022-04-11 When implemented effectively, competency-based education (CBE) promotes high levels of learning for every student. Further, the practices and structures of a professional learning community (PLC) support this work. Explore a variety of perspectives and examples from educators who have shifted to CBE with great results. The book details how to do the work by reevaluating and revamping traditional policies, structures and procedures, including assessment and instruction practices. Individualized learning: educators will discover how to make the transition to competency-based education to promote learning for all students. Learn the role PLC practices and structures play in establishing competency-based classrooms and schools. Study real-world experiences and insights from educators from various schools and districts that have transitioned to competency-based systems. Reflect with end-of-chapter questions to enhance their understanding of the material. Receive reproducible templates they can easily use and adapt to fit their needs.

Teaching to Exceed the English Language Arts Common Core State Standards Richard Beach, Amanda Haertling Thein, Allen Webb, 2012-06-25 As the new English Language Arts Common Core State Standards take hold across the United States, the need grows for pre-service and in-service teachers to be ready to develop curriculum and instruction that addresses their requirements. This timely, thoughtful and comprehensive text directly meets this need. It delineates a literacy practices and critical engagement curriculum framework for 6-12 English language arts education that explains and illustrates how the Standards' highest and best intentions for student success can be implemented from a critical, culturally relevant perspective that is firmly grounded in current literacy

learning theory and research The first 6 12 English language arts methods text to be aligned with the Standards this book also addresses their limitations formalist assumptions about literacy learning limited attention to media digital literacies lack of attention to critical literacies and questionable assumptions about linking standards and text complexity to specific grade levels Specific examples of teachers using the literacy practices critical engagement curriculum framework in their classrooms shows how these limitations can be surpassed Features Moves the CCSS framework into a view that literacy is a contextualized social practice Challenges simplistic models that homogenize adolescent learners Adds the important element of critical literacy to English language arts classrooms Provides specific examples of teachers in action implementing these practices Interactive Companion Website with student and instructor resources The Website is designed to foster interactivity through participation in an online teaching planning simulation with a text video or case on one side of the screen and a chat box for instructors and students to share their reactions and planning ideas The Companion Website is linked to a wiki that serves as a repository for links activities units and further reading
