Untitled Charlie Parker 2:

Charlie Parker, Composer Henry Martin, 2020-04-16 Charlie Parker Composer reexamines the renowned jazz improviser as a composer in his own right assessing 84 of his original works with a focus on their aesthetic qualities and historical context *Charlie Parker* Carl Woideck, 2020-07-16 Saxophonist Charlie Parker 1920 1955 was one of the most innovative and influential jazz musicians of any era As one of the architects of modern jazz often called bebop Charlie Parker has had a profound effect on American music His music reached such a high level of melodic rhythmic and harmonic sophistication that saxophonists and other instrumentalists continue to study it as both a technical challenge and an aesthetic inspiration This revised edition of Charlie Parker His Music and Life has been revised throughout to account for new Charlie Parker scholarship and previously unknown Parker recordings that have emerged since the book's initial publication The volume opens by considering current research on Parker's biography laying out some of the contradictory accounts of his life and setting the chronology straight where possible It then focuses on Parker's music tracing his artistic evolution and major achievements as a jazz improviser The musical discussions and transcribed musical examples include timecodes for easy location in recordings a unique feature to this book Charlie Parker Piet Koster, Dick M. Bakker, 1974 **Reading**

Basquiat Jordana Moore Saggese, 2021-04-06 Before his death at the age of twenty seven Jean Michel Basquiat completed nearly 2 000 works These unique compositions collages of text and gestural painting across a variety of media quickly made Basquiat one of the most important and widely known artists of the 1980s Reading Basquiat provides a new approach to understanding the range and impact of this artist's practice as well as its complex relationship to several key artistic and ideological debates of the late twentieth century including the instability of identity the role of appropriation and the boundaries of expressionism Jordana Moore Saggese argues that Basquiat once known as the black Picasso probes not only the boundaries of blackness but also the boundaries of American art Weaving together the artist's interests in painting writing and music this groundbreaking book expands the parameters of aesthetic discourse to consider the parallels Basquiat found among these disciplines in his exploration of the production of meaning Most important Reading Basquiat traces the ways in which Basquiat constructed large parts of his identity as a black man as a musician as a painter and as a writer via the manipulation of texts in his own library The ^A Hearing Eye Graham Lock, David Murray, 2009-01-02 The widespread presence of jazz and blues in African American visual art has long been overlooked The Hearing Eye makes the case for recognizing the music's importance both as formal template and as explicit subject matter Moving on from the use of iconic musical figures and motifs in Harlem Renaissance art this groundbreaking collection explores the more allusive and elusive references to jazz and blues in a wide range of mostly contemporary visual artists There are scholarly essays on the painters Rose Piper Graham Lock Norman Lewis Sara Wood Bob Thompson Richard H King Romare Bearden Robert G O Meally Johannes V lz and Jean Michel Basquiat Robert Farris Thompson as well an account of early blues advertising art Paul Oliver

and a discussion of the photographs of Roy DeCarava Richard Ings These essays are interspersed with a series of in depth interviews by Graham Lock who talks to quilter Michael Cummings and painters Sam Middleton Wadsworth Jarrell Joe Overstreet and Ellen Banks about their musical inspirations and also looks at art s reciprocal effect on music in conversation with saxophonists Marty Ehrlich and Jane Ira Bloom With numerous illustrations both in the book and on its companion website The Hearing Eye reaffirms the significance of a fascinating and dynamic aspect of African American visual art that has been too long neglected

Speculative Light Amy J. Elias,2024-12-13

Over the course of a thirty eight year friendship painter Beauford Delaney and writer James Baldwin shared their private lives and shaped one another s artistic values Speculative Light brings together scholars critics and artists who analyze the stylistic and historical import of Delaney s and Baldwin s works and examine how this friendship fundamentally shaped the pair s ideas about art and life The book s contributors explore how the two men sharing identities as queer Black American artists first in New York and then as expatriates in France created a speculative space in their work to think about more just and creative Black futures Essay topics and issues range from masculinity queerness Blackness and Americanness to the relationship between jazz painting and writing Throughout the contributors establish a positive history for Delaney s and Baldwin s arts that refuses a subordinate role to white artists of the modernist avant garde Ultimately Speculative Light demonstrates that Delaney and Baldwin s bond provides revolutionary grounds for theorizing contemporary Black art and life Contributors Hilton Als Nicholas Boggs Indie A Choudhury Shawn Anthony Christian Rachel Cohen Amy J Elias Monika Gehlawat David Leeming D Quentin Miller Fred Moten Walton M Muyumba Robert O Meally Ed Pavli Levi Prombaum Robert
