Bailey,2021-10-04 How should we pray Do we believe God answers our prayers Is it acceptable to complain to God Should we bargain with him to receive the response we desire Why do we praise God Does our praise make him any more God John Calvin argued basically that the purpose of prayer is to realign the petitioner s feelings and beliefs with God s Many today seem to have adopted this idea One says Why pray at all God knows everything so my prayers cannot change his mind I must pray to discover God s will for my life I must realign my will with God s will for my life In contrast the psalmists assumed a reciprocal process They believed they could bring pressures on God to answer their requests They would bargain with God and promise him certain things if he would only grant their petitions Indeed this was part of the process They would obligate themselves to praise God if he would grant their desires Such bargaining was the foundation of their prayers Comparisons of Calvin s views with the psalmists allows the reader to investigate the nature of his or her prayer life and make improvements where necessary **Improving with Age** Stuart Briscoe,Jill Briscoe,2015-09-15 Improving with Age addresses the triumphs and challenges of aging Christians and examines the uniqueness of skills and resources they bring to their church communities Through Scripture and story the Briscoes assert that aging is not only normal but it is a joyful and productive life season *Upgrade* Blake Crouch,2022-07-12 NEW YORK TIMES BESTSELLER If Michael Crichton had written a superhero novel it would look a lot like Upgrade The New York Times Book Review You don t so much sympathize with the main character as live inside his skin DIANA GABALDON 1 New York Times bestselling author of the Outlander series Mysterious fascinating and deeply moving exploring the very nature of what it means to be human ALEX MICHAELIDES 1 New York Times bestselling author of The Silent Patient and The Maiden ONE OF THE BEST BOOKS OF THE YEAR Time She Reads The mind blowing new thriller from the New York Times bestselling author of Dark Matter and Recursion currently in development as a motion picture at Steven Spielberg s Amblin Partners You are the next step in human evolution At first Logan Ramsay isn t sure if anything s different He just feels a little sharper Better able to concentrate Better at multitasking Reading a bit faster memorizing better needing less sleep But before long he can t deny it Something s happening to his brain To his body He s starting to see the world and those around him even those he loves most
