

Pin-stuffed chair

This unusual little chair with fine ivory detailing had a cane seat, which had fallen through. As a professional repair would be prohibitively expensive we decided to pin-stuff it, which makes only a thin pad and is probably the simplest way to upholster a chair seat. We then covered it with a highly pictorial grey linen printed with vases of flowers in subtle colours. We used a tining trim around the edge, as a contrasting colour would have the effect of diminishing the pad.

In addition to the basic techniques covered in the dining chair with drop-in seat on page 24, this project introduces gluing on a trim, restoring frayed edges, concealing the join, making a seat turn and how to avoid getting glue on your precious and expensive fabric.

TOOLS

Wiggle hammer
Needle and thread
Taper's chisel
Tap measure
Taper's chisel
Flat (18 gauge) curved needle
Sawtooth's saw
Hot glue gun and glue sticks

MATERIALS

Black and white sewing
50/60 thread
Fabric (100% cotton, 100% linen)
Cane
Flat sewing
The cover
Trim
Hot glue, colour to match wood

ORDER OF WORK

1. Rip down (see page 26).
2. Position and fix the sewing (see page 26).
3. Fix the tension band (see page 26).
4. Sew the stuffing (see page 26).
5. Stuff with feathers (see page 26).
6. Measure, cut out and set on the fabric (see page 26).
7. Lay on the skin sewing (see page 26).
8. Measure, cut out and set on the top cover (see page 26).
9. Attach the trim (see page 26).

THE ORIGINAL CHAIR

Although the original cane seat was in a very sorry state of repair, the framework of the chair was in generally good order. A single pin-stuffed seat, fixed directly onto the frame, secured the obvious solution.

Upholstery A Beginners Guide

Pasquale De Marco

Upholstery A Beginners Guide:
