Kula, Jochen Zeller, 2025-08-19 This volume brings together leading scholars from Africa Europe the Americas and beyond to provide a detailed account of the languages of the Bantu family which cover an area from Cameroon and Kenya in the north to South Africa in the south The Bantu family is part of the Niger Congo phylum and one of the world s biggest language groups comprising around 500 languages The family includes major languages with large numbers of speakers such as Zulu Kinyarwanda and Swahili the most widely spoken and taught African language as well as many community languages and several endangered languages Bantu languages feature

prominently in the complex and multilingual language ecologies that are characteristic of the linguistic situation in much of Africa and they provide rich evidence for the study of theoretical and comparative linguistics language contact and language change They play an important role in education commerce culture and artistic expression in the media and public discourse in governance and social justice and are central to the future of the continent and the well being of its communities The first part of The Oxford Guide to the Bantu Languages provides background and context with chapters exploring the history of research in the field language and prehistory in Bantu speaking Africa and typology and variation Chapters in the second part offer broad comparative overviews of Bantu phonology morphology syntax semantics and pragmatics socio and applied linguistics before Parts III VII cover more specific topics in Bantu linguistics across a variety of subfields ranging from structural issues such as the augment and melodic tone to historical and sociolinguistic topics such as Bantu languages in the diaspora and language policy and standardization The chapters in the final part offer individual structural overviews of a range of languages from across the Bantu speaking area The book will be an essential resource for students and researchers specializing in the Bantu languages and for typologists and comparative linguists more broadly

Equality in Kenya's 2010 Constitution Victoria Miyandazi, 2021-02-25 This book makes a significant contribution to the ongoing global conversations on the various understandings of equality It illuminates the many ways in which diverse equality guarantees clash or are interrelated It also sets out principled approaches on how they can be coherently interpreted to address the myriad inequalities in Kenya Taking a comparative approach the book considers how other jurisdictions including the United States United Kingdom Canada South Africa India and Botswana have approached the conceptualisation interpretation and application of various equality concepts The book focuses on important issues such as transformative constitutionalism in relation to the interpretation of Kenya's 2010 Constitution expanding the list of enumerated grounds for non discrimination affirmative action accommodating religious and cultural diversity versus gender equality the interrelation between socio economic rights and status based equality

African Experience in the Application of the Development Aid Effectiveness Principles Daniel Kipleel Borter, Nadeem Malik, 2023-02-25 This book analyses the diffusion and implementation of Aid Effectiveness Principles in Kenya's agricultural sector Although Aid Effectiveness Principles represent a significant step in aid and development discourse studies on its implementation remain inadequate especially in the African context This book combines the perspectives of the Kenyan government donor representatives and small scale farmers The discussion on Kenya brings in comparative perspectives and therefore would have broader relevance to the African region in general It highlights a disconnect between the government and farmers concerning the ownership concept where farmers lack a voice in important policy matters The book shows that donors have exploited the weaknesses in government responses to interpret The Principles in ways that suit their strategic interests Consequently the book argues that the diffusion of Aid Effectiveness Principles has taken the form of symbolic imitation a form of policy diffusion where the policymakers choose

policies for their symbolic value rather than their effectiveness EASYUNI Ultimate University Guide 2016 easyuni Sdn Bhd, As I write this note I m listening to the loud beats of the Chinese drums and the crash of cymbals two important elements that set the rhythm for the lion dance and its movements As the saying goes it takes two to tango In that same contemplation we re featuring two ladies twins actually working together to unite women through their positive body acceptance campaign It s particularly striking message as it puts the pulse on pur insecurities and skewed perception of beauty

The Status of Student Involvement in University Governance in Kenya M. Mulinge, N. Arasa, 2017-05-05 This book examines the concept of the democratization of governance in universities in Kenya with particular emphasis on students involvement in governance processes and decision making Data were collected from members of the student community utilizing a structured self administered questionnaire and from purposively selected key informants and focus group discussants drawn from Kenyatta University representing the public

sector and the United States International University representing the private sector The guiding argument for the study was that shared governance one of the principles of good governance is critical in enabling the universities to deliver their visions and the missions effectively The results revealed that while in principle Kenyan universities have embraced democratic governance in which all stakeholders including students have a role to play in practice they continue to violate the core principles of good governance particularly shared governance Specifically students who are major stakeholders in university education are largely excluded from significant structures of governance thereby limiting their influence and participation Although their representation is mainly provided via student self governance organs unions associations and or councils their effectiveness is undermined considerably by the lack of trust and confidence of the student body and the unending manipulation by top university administrators and external political actors Student active involvement in decision making is mainly confined to lower levels such as the school faculty and departmental programme The authors call for a paradigm shift in the involvement of students in the governance of universities in ways that discourage the current culture of tokenism and political correctness that characterizes public and private universities in Kenya

Law and Regulation of Mobile Payment Systems

Joy Malala,2017-11-28 Over the last ten years mobile payment systems have revolutionised banking in some countries in Africa

In Kenya the introduction of M Pesa a new financial services model has transformed the banking and financial services industry Giving the unbanked majority access to the financial services market it has attracted over 18 million subscribers which is remarkable given that fewer than 4 million people in Kenya have bank accounts This book addresses the legal and regulatory issues arising out of the introduction of M Pesa in Kenya and its drive towards financial inclusion It considers the interaction between regulation and technological innovation with a particular focus on the regulatory tools institutional arrangements and government decisional processes through the examination as a whole of its regulatory capacity This is done with a view to understanding the regulatory capacity of Kenya in addressing the vulnerabilities presented by technological innovation in the financial industry for consumers after financial inclusion It also examines the way that mobile payments have been regulated by criticising the piecemeal approach that the Central Bank of Kenya has taken in addressing the legal and regulatory issues presented by mobile payments The book argues there are significant gaps in the regulatory regime of mobile banking in Kenya
