1

**Key understanding:** Identify the key understandings and insights you want students to learn from the text. (You may use this later to write an essential question.)

2

**Build understanding of the meaning:** Start with easier questions about what, where, why, and how, to help build understanding of the meaning of the passage.

Primary  
Example

Retell the story using time sequence words such as *first*, *next*, *then*, & *finally*.

Elementary  
Example

How does the main character change in the text?

3

**Vocabulary and text structure:** Craft questions about the most powerful academic words, and text structures (such as cause/effect, problem/solution, compare/contrast, sequence, etc.).

Primary  
Example

How did the author help us understand what *angle* means?

Elementary  
Example

What does the word *postal* mean in paragraph three? or Knowing the structure, what can we expect?

4

**Author's purpose and point of view:** Ask questions to draw the reader's attention to genre, author's purpose, point of view, and multiple perspectives.

Primary  
Example

Who tells the story?

Elementary  
Example

Whose point of view do we see? Whose point of view is not represented in the text? or Why does the author write this?

5

**Inference questions:** Challenge students to examine inferences on ideas or key details/arguments in the text.

Primary  
Example

What caused the bird to fly away? Why do you think that?

Elementary  
Example

What can we infer about what really happened to the main character? What evidence in the text supports your claim/ thinking?

6

**Opinion and intertextual questions:** Have students assert their opinions or make connections to other texts, and support their claims with evidence from the text.

Primary  
Example

Is Ramona Q's family a loving family? What in the books makes you think that?

Elementary  
Example

Think about both authors' attitudes towards conservation. Which author do you agree more with? Defend your thinking with evidence from the text.
