The Radheshyam Ramayan in Text and Performance Pamela Lothspeich, 2025-07-29 A new Ramayan for a new age In the early twentieth century the poet and singer storyteller Pandit Radheshyam Kathavachak reimagined and published the classic story of the Ramayan with stunning success Guided by Tulsidas s sixteenth century R mcaritm nasin Avadhi Kathavachak composed his religious epic the Radheshyam Ramayan in Hindi Urdu to make it comprehensible to modern audiences and to be able to sing and explicate it in devotional concerts kath Even so the work was quickly incorporated into the scripts of annual Ramlila theatrical productions in the Rohilkhand region and beyond Based on extensive literary archival and ethnographic research The Radheshyam Ramayan in Text and Performancetakes readers on a journey through Kathavachak s hometown of Bareilly and his cosmopolitan world of Hindi letters and performance The book demonstrates how Kathavachak s Ramayan a purported translation departs significantly from Tulsidas s famous Ramayan and includes personal vignettes of actors who have declaimed Kathavachak s verses on a Ramlila stage in Bareilly While Kathavachak is primarily known for his mythological plays and contributions to the commercial theatre The Radheshyam Ramayan in Text and Performance reveals other aspects of Kathavachak s world illustrating how he left an indelible mark on India s distinctive epic modernity

Globalization and Postcolonialism Sankaran Krishna, 2009 Globalization has become a widely used buzzword yet popular discussions often miss its deeper realities This book offers the first clear explanation of the impact of colonialist legacies in a globalized world in an era defined by the War on Terror Sankaran Krishna explores the history of the relationship between Western dominance and the forms of resistance that have emerged to challenge it Moving beyond the simple formulation of They hate us because we are rich we are free and they are crazy he asks What have we done that might generate such animosity What face has the United States presented to the developing world over time Krishna argues that we live on an interrelated globe that history matters a great deal in constructing contemporary realities and that others create stories or narratives about the world based on their experiences just as we do based on ours He contends that the interactions between the West and the non West have not been politically innocent economically egalitarian or culturally benign in their consequences Presenting a lucid exploration of the intertwined histories of both globalization and postcolonialism this book uses compelling real world examples to make sense of this crucial relationship

The Majority Report Shri Ram Kumar Ohri, IPS (Retd.), Shri Jai Prakash Sharma, IPS (Retd.), 2013-10-18 Untold Story of Heart Rending Discrimination Against Hindus in Our India The Congress led UPA government which came into power in 2004 on the support of Muslims took a number of policy decisions which are patently against non Muslims In keeping with the Muslim demands it set up Sachar Committee Ranganath Misra Commission Committee on Muslim Minority Education including a separate Ministry of Minority Affairs Those conversant with the history of pre Independence India would recall that the Muslim League was established in 1906 after a memorandum was presented two months earlier to Viceroy Minto The memorandum had emphasized that Muslims were a minority with a imperial past The government while considering concessions to the community should bear this in mind The demands inter alia included separate electorates reservation in jobs in government departments and a Muslim university The 1909 Morley Minto reforms agreed to the demands minus the setting up of a University as the British felt that this would breed separatism As the process of self government gained momentum Muslims went on inflating their demands including the creation of new provinces wherein Muslims were in a majority Bihar Orissa and Sind were separated accordingly the NWFP was declared a Governor s province When Mahatma Gandhi appeared on the Indian political horizon he surrendered to the demands in the hope that Muslims would support the Congress in its demand for Independence They did but insisted that India should be divided on the basis of religion into

Hindustan and Pakistan To reinforce their demand for a separate homeland the Muslim League declared in March 1940 that Muslims were a Nation and not a Minority It is on this basis that India was divided The tragedy of India is that Nehru while directing the framing of India's Constitution introduced the word minority again The Congress led government of UPA has unleashed a full fledged programme for the creation of an Islamic State within the Indian Republic Messers Ohri and Sharma's book The Majority Report provides a detailed picture of how the Congress government has relentlessly pursued this objective This reminds one of the League's demands made in pre Independence India The book a compact volume of about 200 pages shows in detail how statistics data have been manipulated by the Sachar Committee to justify a set of special schemes According to the author This book brings out serious irregularities in the composition functioning and blatant partiality towards Muslims in the Sachar Committee Report headed by a former Chief Justice of a High Court The authors go on to observe that Prime Minister Manmohan Singh made an astounding statement on December 9 2006 proclaiming that the Muslims will have first claim to India's resources Did the Prime Minister forget the fact that there were crores of poor Hindus among the so called higher castes who also deserved to be helped What is not realized by the Hindus at large is that all these pro Muslim programmes have their financial implications Eventually it is the Hindus who will bear the cost of running such schemes and programmes Therefore the book deserves to be read by all who want to know how Hindus are being discriminated against and exploited by the Congress leadership for vote bank politics The writers have done a yeoman's service to the majority community by producing this book Published by Carried Publication a unit of Samarth

Hearings, Reports and Prints of the Senate Committee on Foreign Relations United States. Congress. Senate. Committee on Foreign Relations,1965 Madrasas and the Making of Islamic Womanhood Hem Borker,2018-06-26 This in depth ethnography looks at the everyday lives of Muslim students in a girls madrasa in India Highlighting the ambiguities between the students espousal of madrasa norms and everyday practice Borker illustrates how young Muslim girls tactically invoke the virtues of safety modesty and piety learnt in the madrasa to reconfigure normative social expectations around marriage education and employment Amongst the few ethnographies on girls madrasas in India this volume focuses on unfolding of young women s lives as they journey from their home to madrasa and beyond and thereby problematizes the idealized and coherent notions of piety presented by anthropological literature on female participation in Islamic piety projects The author uses ethnographic portraits to introduce us to an array of students many of whom find their aspirational horizon expanded as a result of the madrasa experience Such stories challenge the dominant media s representations of madrasas as outmoded religious institutions Further the author illustrates how the processes of learning unlearning and alternate visions of the future emerge as an unanticipated consequence of young women s engagement with madrasa education **A Secular Need** Jeffrey A. Redding,2020-04-15 Whether from the perspective of Islamic law s advocates secularism s partisans or communities caught in their crossfire many people see the relationship between Islamic law and secularism as antagonistic and increasingly discordant In the United States there are calls for sharia bans in the courts in western Europe legal limitations have been imposed on mosques and the wearing of headscarves and in the Arab Middle East conflicts between secularist old guards and Islamist revolutionaries persist suggesting that previously unsteady coexistences are transforming into outright hostilities Jeffrey Redding s exploration of India s non state system of Muslim dispute resolution known as the dar ul qaza system and commonly referred to as Muslim courts or shariat courts challenges conventional narratives about the inevitable opposition between Islamic law and secular forms of governance demonstrating that Indian secular law and governance cannot work without the significant assistance of non state Islamic legal actors Ways of Remembering: Volume 1 Oishik Sircar,2024-05-31 Ways of Remembering tells a story about the relationship between secular law and religious violence by studying the memorialisation of the 2002 Gujarat pogrom postcolonial India s most litigated and mediatized event of anti Muslim mass violence By reading judgments and films on the pogrom through a novel interpretive

framework the book argues that the shared narrative of law and cinema engenders ways of remembering the pogrom in which the rationality of secular law offers a resolution to the irrationality of religious violence In the public s collective memory the force of this rationality simultaneously condemns and normalises violence against Muslims while exonerating secular law from its role in enabling the pogrom thus keeping the violent legal order against India s Muslim citizens intact The book contends that in foregrounding law s aesthetic dimensions we see the discursive ways in which secular law organizes violence and presents itself as the panacea for that very violence **Shikwa-e-Hind** Mujibur Rehman,2024-05-21 Roughly 200 million today Indian Muslims are greater than the population of Britain and France or Germany put together According to the Indian Constitution Indian Muslims are treated as political equals which is what India s secular polity promised after its independence encouraging more than 35 million Indian Muslims at the time of Partition to choose India as their motherland over Pakistan However the supposed relationship of equality between Hindus and Muslims as scripted in the constitution is being increasingly replaced by the domineering tendencies of a Hindu majority in India today The author describes the current state and position of Indian Muslims the seeds for which were sown when the BJP came to power in 2014 as the thirdpolitical moment the second he believes was in 1947 when the community was given equal status in the Indian Constitution and the first was in 1857 when Indian Muslims learnt to live under the British colonial state As he states there is no denying that political circumstances for Indian Muslims were not completely ideal or full of democratic energy prior to the rise of the Hindu Right since the late 1980s With numerous layers defined by language ethnicity region etc Muslims have the most heterogeneous identity representing India s quintessential diversity And yet Muslims are perceived as the most enduring well grounded threat to the majoritarian project of the Hindu Rashtra Indian Muslims are perceived or presented as perpetrators of violence and violators of law even if they are at the receiving end They are viewed as an internal enemy who need to be dealt with for political social historical and ideological reasons Going forward the community must formulate the language of democratic rights of Indian Muslims as equal citizens and define the ethics of human dignity in their struggle to reassert their place in India s political power structures at all levels from panchayat to Parliament While the economic future or cultural rights of Indian Muslims have been debated since 1947 it is the political future that demands attention because only as an equal and participatory community in the politics of the nation can economic and cultural futures be addressed This book explores the political future of Indian Muslims in this context From Shaheen Bagh to Hindu Muslim riots from the unique position of Muslim women in India to the Sachar Report and the Muslim backwardness debate Mujibur Rehman analyses confronts and discusses the urgent concerns of Indian Muslims in a manner that is nuanced and globally relevant *The Rise of Hindu Authoritarianism* Achin Vanaik,2017-05-16 The definitive analysis of Hindu nationalism in contemporary India and the challenges for the radical Left With the Hindu nationalist BJP now replacing the Congress as the only national political force the communalization of the Indian polity has qualitatively advanced since the

earlier edition of this book in 1997 This edition has been substantially reworked and updated with several new chapters added Hindutva's rise necessitates a more critical take on mainstream secular claims ironically reinforced by liberal left sections discovering special virtues in India's distinctive secularism The careful evaluation of the ongoing debate on Indian fascism has resonances for the broader debate about how best to assess the dangers of the far right's rise in other liberal democracies A study follows of how Hindutva forces are pursuing their project of establishing a Hindu Rashtra and how to thwart them through a wider transformative struggle targeting capitalism itself

Indian Social Justice L.M. Khanna, 2014-08-12 1990 was a year of severe turmoil in social history of India The acceptance of reservations in services for socially and educationally backward classes created protests and a number of young students lost their lives After a protracted case hearing in 1992 the Supreme Court severely castigated the Hindu social structure for its lack of egalitarian ethos four watertight compartments of four Varnas and a fifth of outcastes or Panchama It blamed it for centuries of discrimination against other backward classes in which the victims were condemned to follow their hereditary occupations It rejected the notion of equality and said there could be no equality between the unequal Although much of the literature to contradict the above colonial times versions of Hindu social structure appeared later there was enough literature to show even in 1992 that Varnas were not four watertight compartments the theory of caste occupation nexus did not have universal support and for ages there had been nothing lower than once born Shudra This book is an effort to answer what constituted the Hindu social

structure what were its essences and what aberrations and constructs and how the law got misapplied in post independence India
