

**Gogol** then turned to look out the window at the dull weather. Drops of rain could be heard hitting the pane, which made him feel quite sad.

"How about if I sleep a little bit longer and forget all this nonsense", he thought, but that was something he was unable to do because he was used to sleeping on his right, and in his present state couldn't get into that position.

However hard he threw himself onto his right, he always rolled back to where he was.

He must have tried it a hundred times, shut his eyes so that he wouldn't have to look at the floorboards legs, and only stopped when he began to feel a mild, dull pain there that he had never felt before.

"Oh, God", he thought, "what a dreadful curse it is that I've chosen! *Travelling, far in and far out.*"

Doing business like this takes much more effort than doing your own business at home, and on top of that there's the curse of travelling, worries about making train connections, bad and irregular food, contact with different people all the time so that you can never get to know anyone or become friendly with them.

It can all go to Hell!

"He felt a slight itch up on his belly, pushed himself slowly up on his back towards the headboard so that he could lift his head better, found where the itch was, and saw that it was covered with lots of little white spots which he didn't know what to make of, and when he tried to feel the place with one of his legs he drew it quickly back because as soon as he touched it he was overcome by a cold shudder.

He did back into his former position. "Getting up early all the time", he thought, "it makes you stupid. You've got to get enough sleep. Other travelling salesmen live a life of luxury.

For instance, whenever I go back to the guest house during the morning to copy out the contract, these gentlemen are always still sitting there eating their breakfast.

I ought to just try that with my boss, I'd get kicked out on the spot. But who knows, maybe that would be the best thing for me.

If I didn't have my parents to think about I'd have given in my notice a long time ago, I'd have gone up to the boss and told him just what I think, tell him everything I would, let him know just what I feel.

He'd fall right off his desk!

And it's a funny sort of business to be sitting up there at your desk, talking down at your subordinates from up there, especially when you have to go right up close because the boss is hard of hearing.

**Tell, there's still some hope**; once I've got the money together to pay off my parents' debt to him - another five or six years I suppose - that's definitely what I'll do. That's when I'll make the big change.

First of all though, I've got to get up, my train leaves at five. (And he looked over at the alarm clock, ticking on the chest of drawers. "God in Heaven! (he thought.

It was half past six and the hands were quietly moving forwards, it was even later than half past, more like quarter to seven. Had the alarm clock not rung?

He could see from the bed that it had been set for five o'clock as it should have been; it certainly must have rung. Yes, but was it possible to quietly sleep through that furniture-sitting noise?

True, he had not slept peacefully, but probably all the more deeply because of that. What should he do now?

The next train went at seven, if he were to catch that he would have to rush like mad and the collection of samples was still not packed, and he did not at all feel particularly fresh and lively.

And even if he did catch the train he would not avoid his boss's anger as the office assistant would have been there to see the five o'clock train go, he would have put in his report about **Gogol's** not being there a long time ago.

The Author's Companion is a concise guide that has been designed to help authors at all stages of their writing journey. It originated as a resource for our publishing company's author base. Initially intended for internal use, we realised it had the potential to benefit the wider author community. Unlike motivational books that simply inspire you to write, The Author's Companion delves into practical techniques, exercises and approaches that assist in crafting a compelling book. Backed by data-driven analysis, it offers valuable insights that will help you understand both the publishing industry and your target audience. By highlighting common mistakes made by authors during the writing and publishing processes, this book equips you with the knowledge to avoid these pitfalls and succeed in the literary world. Benefit from the wealth of experience gained from publishing over 2500 books. In the era of self-publishing, the absence of editorial gatekeepers has affected the overall quality of books being released. Countless books are published every day, but only a select few truly achieve success. Hence, The Author's Companion addresses two distinct groups of authors: those with good content but lacking experience in writing or publishing, and those with poor content due to a lack of writing skills. It serves as a guiding light for both these groups of authors, providing them with invaluable support and expertise. For authors new and experienced, this book will indeed serve as a companion on their journey towards publishing best sellers.
