## **Test Administration Manual:**

*Test Administration Manual: Athletic Milieu Direct Questionnaire (AMDQ)* David R. Black, Daniel C. Coster, 2018-02-22

The Athletic Milieu Direct Questionnaire AMDQ was developed specifically for female collegiate athletes. The development of the AMDQ took approximately 2 decades. The test was not a revision of a conventional commercial test for the general population to screen for eating disorders because athletes' performance requirements and the athletic milieu are unique and hence a revision of a screening test for the general population seemed inappropriate. *Test Administration Manual*, 2011. A part of the No Child Left Behind Act of 2001 requires that states develop annual measurable achievement objectives (AMAOs) for limited English proficient students. The ELDA consists of four tests designed to measure academic and social language proficiency in the domains of listening, speaking, reading, and writing. This Test Administration Manual (TAM) for the ELDA 3-12 contains general information about the assessment and specific information about administering the reading, writing, listening, and speaking ELDA tests for grades 3-12.
