makers concerned educationists or any interested individual will gain new insights and experiences as they explore new identities new instructional media for interactive teaching and learning and new modes of meaning in diverse local and global contexts

□□□□□□□□□□□□□□-□□ 6□□ , **Critical Perspectives on Language and Discourse in the New World Order** Faiz Sathi Abdullah, Mardziah Hayati Abdullah, Tan Bee Hoon, 2009-10-02 The papers in this book explore language use in a broad range of discourse fields They provide theoretical perspectives on global orientations to social political and economic transformations in the New World Order NWO and extend these with studies on the impacts of such transformations at the local national regional and global levels The discussions highlight current concerns among academics and political commentators about the potential social impact of representations of the NWO in language and discourse The present work is important in raising social consciousness towards the central role that language and discourse play in the construction of shifting multiple identities In this way the roles of critical discourse analysis and indeed that of the analysts themselves are emancipative and socially transformative The value of such consciousness raising for potential social action in language user empowerment terms cannot be overstressed particularly given the ascendant position of the English language in the NWO This collection is a significant contribution to the ongoing critical discussion on global order discourse

Secondary School External Examination Systems Barend Vlaardingerbroek, Neil Taylor, 2009 Summative assessment has been a contentious issue in educational circles for several decades particularly high stakes assessment events which arise at various junctures of the school cycle especially those at the end of it The French Baccalaureat and English A Levels and their numerous clones throughout the francophone and anglophone worlds are household names and represent milestone events in people's lives as their outcomes are principal determinants of young people's future prospects These examinations are external they are devised conducted and processed by agencies outside the schools usually ministerial examination units As such they act as blind arbiters of student achievement providing the proverbial level playing field which ensures the comparability of outcomes In the pyramidal school structures of yesteryear examinations acted as filters regulating the progression of pupils to subsequent tiers of formal education Exit points occurred from primary school level up from where unsuccessful candidates could enter the labour force and or embark on occupationally specific further education and training With the modernisation of the labour market and an ever higher social demand for access to higher levels of formal education the filtering function of examinations at lower levels of schooling has been gradually eroded while burgeoning numbers of students at the upper secondary level have brought about reforms that include curricular diversification and sometimes radical overhauls of terminating assessment systems including the modification and in some instances abandonment of external examinations This edited volume brings together the experiences of twenty examination systems from around the world to show how these dynamic entities have adapted over time to the changing context of schooling Following an introduction by Stephen P Heyneman of World Bank repute there are sixteen chapters presenting Country Case Studies

which have been written up under common subheadings thereby highlighting the comparative nature of the work and facilitating cross referencing The subsequent four chapters elaborate on the theme of external examinations beyond national borders including a contribution by the International Baccalaureate Organisation A defining feature of the work is the attention it pays to what it calls the nuts and bolts of external examinations from question setting to grading procedures These are it is argued instrumental in nurturing and maintaining public confidence in external examinations The book will be of immense value to people involved in educational policy studies especially strategic educational planning as well as those directly concerned with formal assessment The work has been written to appeal to a wide audience of informed persons it is accessible to teachers and interested laypeople as well as to academics
