exceptionalism that maintains a firm grip on the state's historical imagination Lone Star Mind takes aim at this traditional narrative holding both academic and lay historians accountable for the ways in which they craft the state's story A clear sighted far reaching work of intellectual history this book marshals a wide array of pertinent scholarship analysis and original ideas to point the way toward a new usable past that twenty first century Texans will find relevant Ty Cashion fixes T R Fehrenbach's Lone Star A History of Texas and the Texans in his crosshairs in particular laying bare the conceptual deficiencies of the romantic and mythic narrative the book has served to codify since its first publication in 1968 At the same time Cashion explores the reasons why the collective efforts of university trained scholars have failed to diminish the appeal of the state's iconic popular culture despite the fuller and more accurate record these historians have produced Framing the search for a collective Texan identity in the context of a post Christian age and the end of Anglo male hegemony Lone Star Mind illuminates the many historiographical issues besetting the study of American history that will resonate with scholars in other fields as well Cashion proposes that a cultural history approach focusing on the self interests of all Texans is capable of telling a more complete story a story that captures present day realities *Army JROTC leadership education & training*, 2002 Lessons of the Locker Room Andrew W. Dr Miracle, C. Roger Rees, 2010-08-05 Do sports build character An anthropologist and a sociologist explore the underpinnings of school sports and examine the evidence to support the prevailing assumption that sport is an ennobling experience They find that participation has little effect on positive character development Far from building model citizens their research shows that competitive team sports may foster selfish motives and antisocial behavior Rather than learning self sacrifice and dedication athletes often pick up the message that winning isn't everything it's the only thing **Lessons in Censorship** Catherine J. Ross, 2015-10-19 American public schools censor controversial student speech that the Constitution protects Catherine Ross brings clarity to court rulings that define speech rights of young citizens and proposes ways to protect free expression arguing that the failure of schools to respect civil liberties betrays their educational mission and threatens democracy **Army JROTC Leadership Education & Training: Citizenship and American history**, 2002 Twenty-five Lessons in Citizenship Denis Lawrence Hennessey, 1926 The Monopoly On Violence Xun Lin, Dead Writers Club, Violent monopolies have terrorized the planet Hitler Mao Stalin and all of the globe's worst modern psychopaths have relied on the monopoly on violence to steal and murder They massacred millions Many tyrants were inspired by Karl Marx He remains celebrated today China drooled over Marx in the embarrassing video Chinese President Xi Jinping delivers speech on anniversary of Marx's birth 2018 Yes China is humiliated by the same old German who influenced Hitler China is home to the largest population billions who self identify the same as Hitler SOCIALIST the same way that Marx self identified China's fatal attraction to the dogma of Marx and Hitler was enormous compared to the USA's That is why the books of Marx and Hitler were once considered too incendiary for the general public But Mein Kampf was a bestseller as recently as 2017 Its acclaim grows worldwide It has always been one of Amazon's better

selling book titles Hitler and Marx are always trending on the worldwide web Ideas from the Deutschland duo are repeated often on social media and by the mainstream media MSM Hitler s dogma is popular with elected officials Bernie Sanders self identifies the same as Hitler SOCIALIST Alexandria Ocasio Cortez self identifies the same as Hitler too They also admire Marx Other politicians gladly support the same ideas even if they are too dishonest to admit that they are socialists Every election exposes Americans struggling to bring Germany s past into the present MSM polling reports that 70 percent of millennials say they would vote for a candidate who self identifies the same as Hitler 2019 YouGov poll According to another report 60 percent of Millennials age 24 39 support a complete change of our economic system Hitler and Marx were anti bourgeois and advocated revolution Many people long for the same revolutions Germany s two top white male racist political philosophers stay in vogue even though their policies remain a mystery For example the following facts with credit to the archives of the historian Dr Rex Curry will come as news to most readers 1 Hitler and Marx were popular in the USA Two famous American socialists the cousins Edward Bellamy and Francis Bellamy were heavily influenced by Marx The American socialists returned the favor Francis Bellamy created the Pledge of Allegiance to the Flag that produced Nazi salutes and Nazi behavior The Bellamy cousins were American national socialists 2 The classic military salute to the brow also contributed to the creation of the Nazi salute with the right arm extended stiffly 3 The Bellamy cousins promoted socialist schools that imposed segregation by law and taught racism as official policy 4 Hitler and his supporters self identified as socialists by the very word in voluminous speeches and writings The term Socialist appears throughout Mein Kampf as a self description by Hitler 5 Hitler never called himself a Nazi There was no Nazi Germany There was no Nazi Party Those terms are slang to hide how Hitler and his comrades self identified SOCIALIST 6 Hitler never called himself a Fascist That term is misused to hide how Hitler and his comrades self identified SOCIALIST 7 The term Nazi isn t in Mein Kampf nor in Triumph of the Will 8 The term Fascist never appears in Mein Kampf as a self description by Hitler 9 The term swastika never appears in the original Mein Kampf 10 There is no evidence that Hitler ever used the word swastika 11 The symbol that Hitler did use was intended to represent S letter shapes for socialist 12 THE LATEST SWASTIKA DISCOVERIES Hitler s symbol is the reason why Hitler renamed his political party from DAP to NSDAP National Socialist German Workers Party because he needed the word Socialist in his party s name so that Hitler could use swastikas as S letter shaped logos for SOCIALIST as the party s emblem The party s name had to fit in Hitler s socialist branding campaign that used the swastika and many other similar alphabetical symbols including the SS and SA and NSV and VW etc He was selling socialism by selling flags and related merchandise It resembled the advertising campaign of the American socialist Francis Bellamy The new discovery part includes the fact that the public doesn t know that Hitler s use of the swastika as alphabetical symbolism is a reason why he changed the name of the party adding the word socialist The new discovery is also that it is additional proof that Hitler employed the swastika as alphabetical symbolism of S letter shapes for his socialism The discoveries are from the historian

Dr Rex Curry's work 13 ASTONISHING LENIN'S SWASTIKA REVELATION Vladimir Lenin's swastika is exposed herein The impact of Lenin's swastikas was reinforced at that time with additional swastikas on ruble money paper currency The swastika became a symbol of socialism under Lenin Its influence upon Adolf Hitler is explained in this book 14 Hitler altered his own signature to reflect his S shapes for socialism logo branding 15 Mussolini was a long time socialist leader with a socialist background raised by socialists to be a socialist and he joined socialists known as fascio fasci and fascisti 16 Fascism came from a socialist e g Mussolini Communism came from a socialist e g Marx Fascism and Communism came from socialists 17 German socialists and Soviet socialists partnered for International Socialism in 1939 They launched WWII invading Poland together and continued onward from there killing millions Soviet socialism had signed on for Hitler's Holocaust 18 After Hitler's death Stalin continued the plan he had made with Hitler for Global Socialism Stalin took over the same areas that Hitler had captured He used the same facilities that Hitler had used Hitler's Holocaust never ended Stalin replaced Hitler

The Texas Outlook, 1928 **HITLER: do you self-identify the same as Hitler? SOCIALIST - S means SOCIALISM.** Christina Antioch, Etienne de la Boetie 2, Libertarian Book Club, Almost everyone including every scholar refers to Hitler as Nazi or Fascist and not Socialist Educational Outreach Programs EOPs inspired by Dr Rex Curry's work are the only services that inform ignorant scholars that Hitler self identified as Socialist He did not self identify as Nazi nor as Fascist No one else provides this vital public awareness So if you ever see a sentence like the following one then you know it was from EOPs for Dr Curry's work Hitler didn't call himself Nazi or Fascist he called

himself socialist The linguistic EOPs above led to many amazing historical discoveries including revelations about Anne Frank's Diary Adolf Hitler's Mein Kampf Sophie Scholl's White Rose group Joseph Goebbels' Der Nazi Sozi Martin Niemöller's verse First They Came For the Socialists the swastika symbol the hexagram Star of David and much more Except for the American Historian Laureate Dr Rex Curry every other historian did not see how the USA's Pledge of Allegiance led to Nazi salutes and Nazi behavior and how the original pledge's use of the military salute led to the Nazi salute Also historians did not see the similar symbolism of Adolf Hitler's NSV SA and SS logos as compared with the logo of Hitler's party the National Socialist German Workers Party Even today only exceptional scholars with extraordinary skills e.g. Dr Curry are able to discern the S letter shape of the NSV's logo The National Socialist People's Welfare in German Nationalsozialistische Volkswohlfahrt The S symbolism is almost as difficult to perceive as in Hitler's Hakenkreuz hooked cross It is as undetectable as in the symbols for the SS and SA Schutzstaffel and Sturmabteilung All historians did not see other than Dr Curry how Hitler used his party's symbol to represent S letter shapes for SOCIALIST Do you not see Professor Curry transformed the culture of India along with Hinduism and Buddhism Before Dr Curry's discoveries Buddhists and Hindus published complaints that Hitler stole their swastika symbol and ruined it and they want to restore respect for their ancient symbol Educational Outreach Programs EOP about Dr Curry's work taught India's commentators that Hitler's symbol was not a swastika and that Hitler never called it a swastika An upheaval occurred among Buddhists and Hindus in their objections Now they proudly assert Hitler called his symbol a Hakenkreuz hooked cross not a swastika It was not the same symbol Dr Curry told us

Spring Branch George Slaughter, 2011 When someone thinks of the Spring Branch area of Houston Texas chances are that a multicultural highly populated residential area on the west side of the city comes to mind Yet photographs of Spring Branch's early history are very different from the urban images of today In the 1840s about the time Texas became the 28th state German settlers came to a rural area centered around a tributary of Buffalo Bayou that runs through Houston but which was well outside the city limits at the time These immigrants who were farmers business owners and shopkeepers came to America to embrace and fulfill their dreams living a life of freedom owning property and raising their families They were prepared to earn their success without slave labor available during that era and they worked together to build a well known residential area of present day Houston
