Curriculum - Faculty Made Tests in Science Sheila Tobias,1997 *Evaluating Human Service Outcomes* Reginald O. York,2022-10-03 This all in one text assists human service practitioners and the students of human service educational programs in the evaluation of their practice with their clients It takes readers through the entire research process step by step starting with the literature review on the nature of the behavior being served to the development of their study methods to the statistical analysis of data using the internet and finally to the drawing of conclusions based on the outcome study that was conducted When readers complete this book they will be prepared to conduct an outcome evaluation study and to present a report to their agencies or instructors Key distinctions of this text include guides for analysis of data using Excel the internet or SPSS for statistical analysis of data the separation of content into basic concepts and intermediate concepts for use in beginning and intermediate courses in human service research methods an instructor's manual that offers outlines

lists and test questions additional to those in the text a student workbook with practice assignments for use in courses as well as a set of checklists that serve as a guide for various tasks in the research process and objectives summaries and tests in all chapters Evaluating Human Service Outcomes could be used as the basic text for a beginning course in human service research in educational programs in social work counseling and psychology where a major goal is to complete a research study It could also be used as a supplemental text for advanced research courses that include the analysis of data The text also should be of interest to human service practitioners who are working in programs funded by grants that require outcome evaluation

Human Trafficking Joan Reid, 2017-10-02 Human trafficking involves the violation of societal norms and often activates criminal justice responses including police courts juvenile justice and child protective services Due to the complex nature of human trafficking some behaviours that facilitate human trafficking cannot be easily identified and assigned to conventional crime categories As a result of this complexity criminologists have yet to fully explore the problem of human trafficking In recent years however there has been a growing interest among criminologists in human trafficking and its intersections with the criminal justice system and overlap with conventional types of crime This edited collection of research aims to underscore these intersections in order to further improve the description explanation and prevention of human trafficking Research contained in this book provides a step forward by describing police perceptions and responses to human trafficking while also providing insight into victims with reports on victim perceptions of their treatment by the police Most notably this volume has moved research on human trafficking beyond descriptive frequencies to sophisticated multivariate analyses This book was originally published as a special issue of the Journal of Crime and Justice
