

BRANDS THAT MAKE THE BEST CARS

We rank automakers from best to worst on their scores and survey results.

by JEFF S. KRAVITZ

How we made the rankings: The *Best* brand is determined by looking at how the brand's 10th-year-old models, reliability, owner satisfaction, and safety. For the *Best Value* brand, we look at how the brand's 10th-year-old models, reliability, and safety. For the *Best Performance* brand, we look at how the brand's 10th-year-old models, reliability, and safety. For the *Best Reliability* brand, we look at how the brand's 10th-year-old models, reliability, and safety. For the *Best Safety* brand, we look at how the brand's 10th-year-old models, reliability, and safety.

and vehicle longevity of its automakers, who show you in the right direction when making a new-car purchase. These ratings are based on the average Overall Score, a combination of our most recent predicted reliability and owner satisfaction data, and safety for

all of the models from each automaker. The top five brands this year are the same ones as 2023, with BMW leading the pack with an 87 score, followed by Subaru (85), Porsche (84), Honda (78), and Lexus (78). This year, for both companies, a clear consistent combination of high

predicted reliability and very good predicted longevity. Porsche takes the third position with a score of 84. Both Porsche and Cadillac moved up 10 positions this year due to their improved reliability. Keep in mind that even high scoring brands can have some lower performing

models, so be sure to check the ratings (see page 46) for the auto you're considering. This is especially true for bigger brands like Ford and Toyota, which have some models that performed far better than others in our tests. (If the brand's CR ranked the auto

very recommending every model scored from seven (BMW, Porsche, Honda, Kia, Mazda, and Audi) through six (Jeep). You can buy and feel confident that those companies with confidence. There are also brands that don't have a single model recommended by CR. Consider

carefully when buying one of those.) To be included in the brand ranking, CR has to have tested at least two current models from a company. We've tested only one model from Lucid, Polestar, and Ram, so they aren't included this year.
