Vampire Diaries 6 Part:

The Bite, the Breast and the Blood Amy Williams Wilson, 2018-09-18 Central to every vampire story is the undead's need for human blood but equally compelling is the human ingestion of vampire blood which often creates a bond. This blood connection suggests two primal natural desires: breastfeeding and communion with God through a blood covenant. This analysis of vampire stories explores the benefits of the bonding experiences of breastfeeding and Christian and vampire narratives arguing that modern readers and viewers are drawn to this genre because of our innate fascination with the relationship between human and maker.

Black Witches and Queer Ghosts Camille S. Alexander, 2024-04-16 This book is a collection of 13 essays centering on supernatural serials such as television programs, video games, anime, and manga featuring teen protagonists and marketed to teen audiences. These essays provide discussions of characters in teen supernatural serials who disrupt white cisgender social narratives and addresses possible ways that the on-screen depictions of these characters who may be POC or LGBTQIA can lead to additional discussions of more accurate representations of the Other in the media. This collection explores depictions of characters of color and or LGBTQ characters in teen supernatural serials who were marginalized and examines the possible issues that these depictions can raise on a social level and possibly a developmental level for audience members who belong to these communities. The essays included in this collection thoroughly examine these characters and their narratives while providing nuanced examinations of how the media chooses to represent teens of color and LGBTQIA teens.

The CW Comes of Age Ashley Lynn Carlson, Lisa K.
