The Enlightenment that Failed Jonathan I. Israel,2019-11-28 The Enlightenment that Failed explores the growing rift between those Enlightenment trends and initiatives that appealed exclusively to elites and those aspiring to enlighten all of society by raising mankind s awareness freedoms and educational level generally Jonathan I Israel explains why the democratic and radical secularizing tendency of the Western Enlightenment after gaining some notable successes during the revolutionary era 1775 1820 in numerous countries especially in Europe North America and Spanish America ultimately failed He argues that a populist Robespierriente tendency sharply at odds with democratic values and freedom of expression gained an ideological advantage in France and that the negative reaction this generally provoked caused a more general anti Enlightenment reaction a surging anti intellectualism combined with forms of religious revival that largely undermined the longings of the deprived underprivileged and disadvantaged and ended by helping albeit often unwittingly conservative anti Enlightenment ideologies to dominate the scene The Enlightenment that Failed relates both the American and the French revolutions to the Enlightenment in a markedly different fashion from how this is usually done showing how both great revolutions were fundamentally split between bitterly opposed and utterly incompatible ideological tendencies Radical Enlightenment which had been an effective ideological challenge to the prevailing monarchical aristocratic status quo was weakened then almost entirely derailed and displaced from the Western consciousness in the 1830s and 1840s by the rise of Marxism and other forms of socialism
