profound impact on our formation as computer scientists At the personal level we know you as a kind hearted generous person We are grateful to know you in these ways and hope to have encounters with you in many years to come Another likely possibility is that you are Corinne or Joanneke wife or daughter of Willem the two strong pillars on which so much in his life is founded You share the honor respect and love that went into the writing as will be acknowledged by those contributing authors that know you which are almost all Also we would like to thank you for your help in sending us photographs for inclusion in this book and for your encouragement The next option is that you are one of the contributing authors In this case you may wonder why it took us so long to get this work published After all wasn't it almost done already at the retirement event in July 2008 The answer is twofold we gave everyone ample time to revise their submissions in line with the recommendations by the referees and we ourselves took ample time to put everything together Our hope is that this will be visible in the quality of the final result      *NASA Conference Publication* ,1990
