Librarianship as a Bridge to an Information and Knowledge Society in Africa Alli Mcharazo (editor.), Sjoerd M. J. Koopman, 2007 Knowledge Management was the theme of the Standing Conference of Eastern Central and Southern African Library and Information Associations SCECSAL XVII in 2006 This selection of conference papers provides a cross disciplinary approach to knowledge information and development and how the three together can mould a new and more informed society The challenge is to make our libraries more people centered and Afro centric not simply serving the interests of the elite and paying little attention to the plight of the less well off This needs to change with libraries becoming more inclusive and serving the needs of all These papers raise provocative questions and provide an insight into the struggle of information services in this part of Africa to be part of an emerging information and knowledge society

American English File 3e Level 4 Student Book Christina Latham-Koenig, Clive Oxenden, Jerry Lambert, 2020-07-28 American English File Second Edition retains the popular methodology developed by world renowned authors Christina Latham Koenig and Clive Oxenden language motivation opportunity With grammar vocabulary and pronunciation practice in every lesson students are equipped with a solid foundation for successful speaking Plus an array of digital resources provides even more choice and flexibility Students can learn in the classroom or on the move with Online Practice language assessment The first goal is to explore the difference between fairness and justice in language assessment The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine

access to education and employment immigrant status citizenship and other rights The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics in particular the models collectively known as Rasch measurement This book will have an enormous impact on the field of language assessment Using Rasch analysis models to explore and identify sources of unfairness the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results A real strength of the book is that it guides readers through analytical techniques in an accessible way Dan Douglas Professor Emeritus Applied Linguistics Program Iowa State University *Iconoclasm* Stacy Boldrick, 2017-07-05 The word iconoclasm is most often used in relation to sculpture because it is sculptures that most visibly bear witness to physical damage But damage can also be invisible and the actions of iconoclasm can be subtle and varying Iconoclastic acts include the addition of objects and accessories as well as their removal or may be represented in text or imagery that never materially affects the original object This book brings together a collection of essays each of which fundamentally questions the meaning of the word iconoclasm as a descriptive category Each contribution examines the impact of iconoclastic acts on different representational forms and assesses the development and historical implications of these various destructive and transformative behaviours
