The Selected Papers of Elizabeth Cady Stanton and Susan B. Anthony Ann D. Gordon, 2013-01-10 The hush of the title comes suddenly when first Elizabeth Cady Stanton dies on October 26, 1902, and three years later Susan B. Anthony dies on March 13, 1906. It is sudden because Stanton, despite near blindness and immobility, wrote so intently right to the end that editors had supplies of her articles on hand to publish several

months after her death It is sudden because Anthony at the age of eighty five set off for one more transcontinental trip telling a friend on the Pacific Coast it will be just as well if I come to the end on the cars or anywhere as to be at home Volume VI of this extraordinary series of selected papers is inescapably about endings death and silence But death happens here to women still in the fight An Awful Hush is about reformers trained in the school of anti slavery trying to practice their craft in the age of Jim Crow and a new American Empire It recounts new challenges to an aristocracy of sex whether among the bishops of the Episcopal church the voters of California or the trustees of the University of Rochester And it sends last messages about woman suffrage As Stanton wrote to Theodore Roosevelt on the day before she died Surely there is no greater monopoly than that of all men in denying to all women a voice in the laws they are compelled to obey With the publication of Volume VI this series is now complete
