Wordplay and the Discourse of Video Games Christopher A. Paul, 2012-03-15 In this timely new book, Christopher Paul analyzes how the words we use to talk about video games and the structures that are produced within games shape a particular way of gaming. By focusing on how games create meaning, lead to identification and division, persuade and circulate ideas, Paul examines the broader social discourse about gaming including the way players are socialized into games, the impact of the lingering association of video games as kids' toys, the dynamics within specific games including Grand Theft Auto and EA Sports Games, and the ways in which players participate in shaping the discourse of games demonstrated through examples like the reward system of World of Warcraft and the development of theorycraft. Overall, this book illustrates how video games are shaped by words, design and play, all of which are negotiated ongoing practices among the designers, players and society that construct the discourse of video games.

The Shining Blade (World of Warcraft: Traveler, Book 3) Madeleine Roux, 2019-12-26 Don't miss the epic conclusion to the World of Warcraft Traveler trilogy brought to life by New York Times bestselling author Madeleine Roux. Aramar Thorne and Makasa Flintwill have borne their fair share of troubles. Ever since Aram's father entrusted him with an enchanted compass, Aram and Makasa have traveled the extraordinary lands of Azeroth seeking out the shards of a legendary weapon, the Diamond Blade. The truth behind the weapon and the terrible doom it seeks to prevent seems to have been lost at sea with Captain Greydon Thorne. But not all secrets are meant to stay buried. As the pair struggles to stay two steps ahead of Malus and the hidden dangerous mercenaries and sorcerers who'll stop at nothing to gain the compass, Aram and Makasa have assembled a powerful band of their own allies. From lively goblins and fantastic creatures to mighty druids and mysterious dryads, people are drawn to the talented young artist and the formidable fighter. A fortunate fact: for in their most desperate hour, Aram and Makasa will need all the help they can get to prevent Azeroth from being plunged into eternal darkness and chaos. This epic conclusion to the World of Warcraft Traveler trilogy is penned by New York Times bestselling author Madeleine Roux and features stunning new artwork throughout.
