**Export-Import Bank: Additional Analysis and Information Could Better Inform Congress on Exposure, Risk, and Resources** Lawrance L. Evans, Jr. Joshua Akery, Anna Chung, Juan Gobel, Michael Simon, 2013-05-30 While the Export Import Bank Ex Im Business Plan reported that Ex Im's exposure limits were appropriate the forecasting process used to reach this conclusion has weaknesses Congress increased the Ex Im exposure limit the limit on Ex Im's total aggregate outstanding amount of financing to 120 billion in 2012 with provisions for additional increases to 130 billion in 2013 and 140 billion in 2014 Although Ex Im's forecast model is sensitive to key assumptions GAO found that Ex Im did not reassess these assumptions to reflect changing conditions or conduct sensitivity analyses to assess and report the range of potential outcomes GAO used historical data in lieu of these assumptions and found that Ex Im's forecast of exposure could be higher than the limit set by Congress for 2014 GAO's cost guidance calls for agencies assumptions and forecasts to be supported by historical data and experience and a sensitivity analysis which can assess the effect of changes in assumptions Because Ex Im has not taken these steps the reliability of its forecasts is diminished This is of particular concern because Ex Im projects that its outstanding financing in

the future will be closer to its exposure limit than it has been historically. Consequently, any forecast errors could result in the bank having to take actions such as delaying financing for creditworthy projects to avoid exceeding its limit. The Business Plan provided limited analysis of Ex-Im's risk of loss. First, Ex-Im did not provide some forecast data because of pending Office of Management and Budget (OMB) approval of key analyses. For example, Ex-Im did not include conclusions on Ex-Im's overall risk of loss and risk by industry. Second, Ex-Im included only limited analysis to support its conclusions that changes in its portfolio, including subportfolios of transactions supporting congressional mandates for small business, sub-Saharan Africa, and renewable energy, would not affect its risk of loss. In addition, Ex-Im has not routinely analyzed or reported the risk rating and default rate of subportfolios that respond to these mandates, although their performance may differ from the overall portfolio. OMB and banking regulator guidance call for entities, including federal agencies, to be able to provide comprehensive information by subportfolio, product, and other financial performance metrics. By not routinely analyzing and reporting financial performance for mandated transactions, Ex-Im decreases its ability to evaluate such performance at the subportfolio level and inform Congress of related risks. The Business Plan provided limited analysis of the adequacy of Ex-Im's resources and ability to meet congressional mandates. From 2008 through 2012, Ex-Im's administrative resources remained relatively flat as its portfolio grew. Ex-Im does not expect to meet its small business or renewable energy mandate targets in 2013 or 2014. These mandate targets are fixed to a percentage of the dollar value of Ex-Im's total authorizations. Although Ex-Im has dedicated resources to support these mandates as Ex-Im authorizations have grown, the growth in mandate targets has outpaced Ex-Im's increasing support. Ex-Im projects that the targets will continue to outpace its growth in support through 2014. Mandate transactions also are resource intensive, and Ex-Im's ability to expand its renewable energy portfolio may be constrained by the size of the overall market. Communicating the effect of percentage-based targets on Ex-Im's resources and ability to achieve its goals to external stakeholders such as Congress is consistent with federal internal control standards. Ex-Im helps U.S. firms export goods and services by providing a range of financial products. Following the 2007-2009 financial crisis, increased demand resulted in rapid increases in Ex-Im's portfolio and exposure. The Export-Import Bank Reauthorization Act of 2012 reauthorized Ex-Im through fiscal year 2014 and, as a condition of raising Ex-Im's exposure limit in 2013, required Ex-Im to prepare a report with a business plan and analyses of key operational elements. The act also directed GAO to analyze the Business Plan. This report discusses the extent to which Ex-Im's Business Plan and analyses 1) justify bank exposure limits, 2) evaluate the risk of loss associated with the increased exposure limit, changing composition of exposure, and compliance with congressional mandates, and 3) analyze the adequacy of Ex-Im's resources to manage authorizations and comply with congressional mandates. GAO reviewed Ex-Im's Business Plan, analyses, and other reports and interviewed Ex-Im officials. What GAO Recommends: Ex-Im should 1) adjust its forecasting model based on previous experience, 2) assess and report the sensitivity of the exposure forecast model to key assumptions and estimates, 3) routinely report the

financial performance of subportfolios supporting congressional mandates and 4 provide Congress with additional information on the resources associated with meeting mandated targets Ex Im concurred with our recommendations □□□ □ □□□ (□□),2003 Akin's Lodge Manual with the Georgia Masonic Code, the Standard for Georgia Freemasons. Grand Lodge of Georgia,John Wesley Akin,1911 Wound, Ostomy and Continence Nurses Society® Core Curriculum: Continence Management WOUND, OSTOMY AND CONTINENCE NURSES SOCIETY®,Dorothy Doughty,Katherine Moore,2015-07-02 Continence Management First Edition is one of three volumes in the series that follows the Curriculum Blueprint designed by the Wound Ostomy and Continence Nurses Society WOCN It is the ideal reference for anyone seeking certification as a wound ostomy or continence nurse as well as anyone who manages patients with urinary or fecal incontinence as well as bowel dysfunction M-81 Willoughby S. Hundley III MD,2011-04-20 Obie Hardy a medical student at the Medical College of Virginia struggles to translate textbook training into live patient care In the 1980s this small town boy is challenged by Richmonds city life and the incessant competitiveness of his classmates while seeking competency as a physician One student succumbs to the stress as Obie finds strength in his girlfriend Priscilla and a few close classmates His part time research project involving a controversial cancer drug questions his integrity and alienates Priscilla As Obies life crumbles he stumbles upon a pivotable lab discovery Testimonial It has been a number of years since I read as exciting a book as this The book is magnetizing and full of interesting history and a description of some of the events that took place at a historical Virginian teaching institution The book is so thrilling that makes the reader once he she starts reading unable to stop reading till the finish The book is an impressive historical resume of MCV and a diary of some very important research as well as some other important events that took place in this edifice called MCV The Medical College of Virginia Making it A MUST READ BOOK Ali Hossaini Sr Ph D Assitant Professor of Clinical Pathology MCV , **The National Union Catalogs, 1963-** ,1964 *Great Health Care* J. Harrington,Eric D. Newman,2011-12-23 Great Health Care is enlightening and entertaining It s a must read for physicians patients health policymakers and administrators and the interested public anyone who wants to understand what great health care is and how we might build it together The authors share their stories and motivations and the methods they have used to transform care for their own patients within their own practices and health systems They thoughtfully explore how we got into this mess how we can get out of it and the barriers to making it happen It is not only the impact of chronic diseases on our health and economy that draws us to this subject It is the intriguing and rewarding potential for improving the status quo through redesigning how chronic disease care is provided and paid for Timothy Harrington MD You can t do things differently until you see things differently Eric Newman MD We start people on the road to recovery but the 12 weeks of cardiac rehabilitation is just the warm up period The really important part is what happens afterward Richard Lueker MD Beth McCormick MS We believe the extra ordinary efforts of our program coordinators are key to our clients wellbeing and our unusually low readmission rate Kathi Farrell RN BSN PHN Kathleen
