Contributions to the Mechanics of Fluids and Solids James Casey,Marcel J. Crochet,2012-12-06 This special issue of ZAMP is published to honor Paul M Naghdi for his contributions to mechanics over the last forty years and more It is offered in celebration of his long productive career in continuum mechanics a career which has been marked by a passion for the intrinsic beauty of the subject an uncompromising adherence to academic standards and an untiring devotion to our profession Originally this issue was planned in celebration of Naghdi s 70th birthday which occurred on 29 March 1994 But as the papers were being prepared for the press it became evident that the illness from which Professor Naghdi had been suffering during recent months was extremely serious On 26 May 1994 a reception took place in the Department of Mechanical Engineering at Berkeley at which Naghdi received The Berkeley Citation which is given in lieu of an honorary degree and where he was also presented with the Table of Contents of the present collection Subsequently he had the opportunity to read the papers in manuscript form He was very touched that his colleagues had chosen to honor him with their fine contributions The knowledge that he was held in such high esteem by his fellow scientists brought a special pleasure and consolation to him in his last weeks On Saturday evening 9 July 1994 Paul Naghdi succumbed to the lung cancer which he had so courageously endured *Nuclear Science Abstracts* ,1963 *Acoustic Microscopy* Roman Gr.
