How to Think about War and Peace Mortimer Jerome Adler, 1995 Mortimer J Adler wrote How to Think About War and Peace in the summer of 1943 two years before an atom bomb exploded over Hiroshima and brought the Second World War to an end Because of its relevance to our own time Fordham University Press has reprinted Adler's important book bringing it up to date with an introduction by John Logue In the book Adler writes that anarchy is an appropriate name for the existing system of nation states and that war will be the inevitable result Adler urges that this system be replaced with a democratic world federation with limited but adequate powers The government of such an organization should be concerned not only with law and order but also with justice and human rights How to Think About War and Peace discusses immediate issues with eternal principles viewing present problems in the larger perspective that history and philosophy can provide This book engages in a

timeless project not contingent on current events but cumulated from a continuing history of the battle between war and peace Written in the midst of the Second World War Adler s purpose was not to proffer how to make peace after the end of the war but rather to instruct as to how to think about war and peace and how to continue this process to maintain peace

War and Peace Leo Tolstoi,2014-08-11 War and Peace Pre reform Russian is a novel by the Russian author Leo Tolstoy first published in 1869 The work is epic in scale and is regarded as one of the most important works of world literature It is considered as Tolstoy s finest literary achievement along with his other major prose work Anna Karenina 1873 1877 War and Peace delineates in graphic detail events surrounding the French invasion of Russia and the impact of the Napoleonic era on Tsarist society as seen through the eyes of five Russian aristocratic families Portions of an earlier version of the novel then known as The Year 1805 were serialized in the magazine The Russian Messenger between 1865 and 1867 The novel was first published in its entirety in 1869 Newsweek in 2009 ranked it first in its list of the Top 100 Books In 2003 the novel was listed at number 20 on the BBC s survey The Big Read Tolstoy himself somewhat enigmatically said of War and Peace that it was not a novel even less is it a poem and still less a historical chronicle Large sections of the work especially in the later chapters are philosophical discussion rather than narrative He went on to elaborate that the best Russian literature does not conform to standard norms and hence hesitated to call War and Peace a novel Instead Tolstoy regarded Anna Karenina as his first true novel War and Peace is well known as being one of the longest novels ever written though not the longest It is actually the seventh longest novel ever written in a Latin or Cyrillic based alphabet and is subdivided into four books or volumes each with sub parts containing many chapters citation needed Tolstoy came up with the title and some of his themes from an 1861 work of Pierre Joseph Proudhon La Guerre et la Paix War and Peace in French Tolstoy had served in the Crimean War and written a series of short stories and novellas featuring scenes of war He began writing War and Peace in the year that he finally married and settled down at his country estate The first half of the book was written under the name 1805 During the writing of the second half he read widely and acknowledged Schopenhauer as one of his main inspirations However Tolstoy developed his own views of history and the role of the individual within it The first draft of War and Peace was completed in 1863 In 1865 the periodical Russkiy Vestnik published the first part of this early version under the title 1805 In the following year it published more of the same early version Tolstoy was dissatisfied with this version although he allowed several parts of it to be published with a different ending in 1867 still under the same title 1805 He heavily rewrote the entire novel between 1866 and 1869 Tolstoy s wife Sophia Tolstaya copied as many as seven separate complete manuscripts by hand before Tolstoy considered it again ready for publication The version that was published in Russkiy Vestnik had a very different ending from the version eventually published under the title War and Peace in 1869
