Performance Evaluation and Benchmarking: Traditional to Big Data to Internet of Things Raghunath Nambiar, Meikel Poess, 2016-03-17 This book constitutes the thoroughly refereed post conference proceedings of the 7th TPC Technology Conference on Performance Evaluation and Benchmarking TPSTC 2015 held in conjunction with the 40th International Conference on Very Large Databases VLDB 2015 in Kohala Coast Hawaii USA in August September 2015 The 8 papers presented together with 1 keynote and 1 vision paper were carefully reviewed and selected from 24 submissions Many buyers use TPC benchmark results as points of comparison when purchasing new computing systems The information technology landscape is evolving at a rapid pace challenging industry experts and researchers to develop innovative techniques for evaluation measurement and characterization of complex systems The TPC remains committed to developing new benchmark standards to keep pace and one vehicle for achieving this objective is the sponsorship of the Technology Conference on Performance Evaluation and Benchmarking TPCTC

Performance Evaluation and Benchmarking Raghunath Nambiar, Meikel Poess, 2022-01-14 This book constitutes the refereed post conference proceedings of the 13th TPC Technology Conference on Performance Evaluation and Benchmarking TPCTC 2021 held in August 2021 The 9 papers presented were carefully reviewed and selected from numerous submissions The TPC encourages researchers and industry experts to present and debate novel ideas and methodologies in performance evaluation measurement and characterization

Topics in Performance Evaluation, Measurement and Characterization Raghunath Nambiar, Meikel Poess, 2012-08-04 This book constitutes the proceedings of the Third Technology Conference on Performance Evaluation and Benchmarking TPCTC 2011 held in conjunction with the 37th International Conference on Very Large Data Bases VLDB 2011 in Seattle August September 2011 The 12 full papers and 2 keynote papers were carefully selected and reviewed from numerous submissions The papers present novel ideas and methodologies in performance evaluation measurement and characterization

Computer Performance Evaluation Ramon Puigjaner, Nunzio N. Savino, Bartomeu Serra, 2003-06-26 The need to evaluate computer and communication systems performance and dependability is continuously growing as a consequence of both the increasing complexity of systems and the user requirements in terms of timing behaviour The 10th International Conference on Modelling Techniques and Tools for Computer Performance Evaluation held in Palma in September 1998 was organised with the aim of creating a forum in which both theoreticians and practitioners could interchange recent techniques tools and experiences in these areas This meeting follows the predecessor conferences of this series 1984 Paris 1988 Palma 1994 Wien 1985 Sophia Antipolis 1991 Torino 1995 Heidelberg 1987 Paris 1992 Edinburgh 1997 Saint Malo The tradition of this conference series continued this year where many high quality papers were submitted The Programme Committee had a difficult task in selecting the best papers Many papers could not be included in the program due to space constraints All accepted papers are included in this volume Also a set of submissions describing performance modelling tools was

transformed into tool presentations and demonstrations A brief description of these tools is included in this volume The following table gives the overall statistics for the submissions

The Handbook of Technology Management, Supply Chain Management, Marketing and Advertising, and Global Management Hossein Bidgoli, 2010 The discipline of technology management focuses on the scientific engineering and management issues related to the commercial introduction of new technologies Although more than thirty U S universities offer PhD programs in the subject there has never been a single comprehensive resource dedicated to technology management The Handbook of Technology Management fills that gap with coverage of all the core topics and applications in the field Edited by the renowned Doctor Hossein Bidgoli the three volumes here include all the basics for students educators and practitioners

Non-Volatile Memory Database Management Systems Joy Arulraj, Andrew Pavlo, 2022-06-01 This book explores the implications of non volatile memory NVM for database management systems DBMSs The advent of NVM will fundamentally change the dichotomy between volatile memory and durable storage in DBMSs These new NVM devices are almost as fast as volatile memory but all writes to them are persistent even after power loss Existing DBMSs are unable to take full advantage of this technology because their internal architectures are predicated on the assumption that memory is volatile With NVM many of the components of legacy DBMSs are unnecessary and will degrade the performance of data intensive applications We present the design and implementation of DBMS architectures that are explicitly tailored for NVM The book focuses on three aspects of a DBMS 1 logging and recovery 2 storage and buffer management and 3 indexing First we present a logging and recovery protocol that enables the DBMS to support near instantaneous recovery Second we propose a storage engine architecture and buffer management policy that leverages the durability and byte addressability properties of NVM to reduce data duplication and data migration Third the book presents the design of a range index tailored for NVM that is latch free yet simple to implement All together the work described in this book illustrates that rethinking the fundamental algorithms and data structures employed in a DBMS for NVM improves performance and availability reduces operational cost and simplifies software development

Advances in Databases and Information Systems Barbara Catania, Giovanna Guerrini, Jaroslav Pokorny, 2013-08-13 This book constitutes the thoroughly refereed proceedings of the 17th East European Conference on Advances in Databases and Information Systems ADBIS 2013 held in Genoa Italy in September 2013 The 26 revised full papers presented together with three invited papers were carefully selected and reviewed from 92 submissions The papers are organized in topical sections on ontologies indexing data mining OLAP XML data processing querying similarity search GPU querying in parallel architectures performance evaluation distributed architectures

High Performance Computing Yunquan Zhang, Kenli Li, Zheng Xiao, 2013-10-01 This book constitutes the refereed proceedings of the National Annual Conference on High Performance Computing HPC 2012 held in Zhangjiajie China in October 2012 The 14 revised full papers presented were carefully reviewed and selected from 260 submissions The papers address issues such as parallel

architecture GPU computing resource scheduling parallel algorithm and performance evaluation *Data Warehouse Project Management* Sid Adelman, Larissa Terpeluk Moss, 2000 Data warehouse development projects present a unique set of management challenges that can confound even the most experienced project manager This work addresses these challenges and provides a roadmap to managing every aspect of data warehouse design development and implementation It also reveals many pitfalls to watch out for Benchmarking Wastewater Operations Roger Patrick, Water Environment Research Foundation, 1997 **Mastering the SAP Business Information Warehouse** Kevin McDonald, Andreas Wilmsmeier, David C. Dixon, W. H. Inmon, 2002-10-02 This book is insightful and thought provoking for even the most seasoned SAP BW individual Richard M Dunning Chair American SAP Users Group Written by the leading experts in the field this comprehensive guide shows you how to implement the SAP Business Information Warehouse BW and create useful applications for business analysis of company wide data You ll quickly learn how to design build analyze and administer the data and information in the SAP BW component The authors present the material in a way that reflects the process an organization goes through during a software implementation They begin with an introduction to the fundamentals of data warehousing and business intelligence helping you determine if SAP BW is right for your organization The book then focuses on the business content and options available when trying to deliver value from the data stored in the SAP BW And it includes a methodology for implementing the BW such as data modeling and techniques for capturing and transforming data With this book you ll discover the options available in SAP BW 3 0 and explore a new way to drive business performance It will show you how to Tackle such challenges as eliminating poor data quality Develop an information model in order to properly deploy SAP BW Utilize ETL data storage information access analysis and presentation services Schedule monitor archive and troubleshoot data loads Effectively plan and manage the performance of a data warehouse The companion Web site provides useful guides and templates for configuring your system industry case studies and additional updates

Benchmarking in Health Care Joint Commission Resources, Inc, 2012 Benchmarking comparing one s performance against internal or external sources can be the cornerstone of many performance improvement initiatives in health care organizations These projects are carried out for a variety of reasons to enhance patient outcomes streamline patient care delivery systems reduce costs and comply with local state or national initiatives including accreditation and health care reform requirements For organizations to successfully accomplish these objectives they must be able to benchmark their performance within their facilities over time and against other organizations Benchmarking in Health Care is an updated edition of a JCR best seller that provides organizations with step by step instructions to successfully design and implement benchmarking projects in their facilities as part of comprehensive performance improvement programs Topics covered include the following Defining internal and external benchmarking Complying with Joint Commission and Joint Commission International benchmarking related standards Planning and organizing a benchmarking project including gaining leadership

support and assembling and organizing a team Choosing appropriate benchmarking partners Identifying and using appropriate global benchmarking databases Collecting analyzing benchmarking and presenting data Using benchmarking data to drive improvement Case studies from organizations around the world that are using benchmarking projects as integral components of performance improvement initiatives Help your staff to design and implement a successful benchmarking project in your organization

Performance Measurement Luca Quagini,Stefano Tonchia,2010-08-24 Business Intelligence BI and Performance Management PM the development and delivery of business insight for users and the management of execution based on that insight are two solution types that promise to bring great value to enterprises Yet most organizations haven t yet realized the elusive bene ts of these two important disciplines The reasons for this are manifold However the primary causes are the culture of the organization and it leadership This is a topic which I ve addressed at length in my latest book Pro les in Performance Business Intelligence Journeys and the Roadmap for Change The culture and leadership of the organization determines the importance and strategic intent surrounding the use of BI and PM Sadly most organizations lack the motivation to embrace transparency and accountability or to align with the strategy of the organization enabling execution and coordination in unison with the mission However once an organization and its leadership are ready to take a step towards real change creating an environment of openness sharing and alignment with BI and PM as its centerpiece the next question then becomes one of how and where to begin Even with great strategic intent missteps in the development and deployment of BI and PM and can cause disillusionment and disappointment lending support to the naysayers of the organization and leading to failure and abandonment of these critical programs
