Towards The Primeval Lightning Field:

Towards the Primeval Lightning Field Will Alexander, 2014 Poetry African American Studies Philosophy Essays Now available as a second edition with a new preface from the author Will Alexander's TOWARDS THE PRIMEVAL LIGHTNING FIELD O Books 1998 is a work of vertical philosophy revealing the strata of cultures and language like geographical layers seen all at once These essays comprise Alexander's search for origins outside the warrens of the visible revealing a singular imagination that moves with the force of a manifesto and the impossible dexterity of the unknown Described by Eliot Weinberger as probably the only African American poet to take Aim Césaire as a spiritual father Alexander's singular voice resonates far past the constrictions of the rational world His work resembles no one's and is instantly recognizable In part he is an ecstatic surrealist on imaginal hyperdrive He is probably the only African American poet to take Aim Césaire as a spiritual father Alexander is a poet whose ecstasy derives from the scientific description of the stuff and the workings of the world Eliot Weinberger Will Alexander is by far the most original poet working in the United States today A major force in the dissemination of surrealism there is absolutely no one who sounds like Alexander and he most emphatically sounds like no one else Justin Desmangles If the quotidian amounts to little more than a dossier of unitary suffering then Will Alexander's visionary essays commence the ignition of evolution beyond inclemency Césaire Lorca Cheikh Anta Diop non European philosophy and cosmology alchemical and anti-statist traditions all animate this work its range is incomparable Andr Breton wrote that for surrealism life is elsewhere TOWARDS THE PRIMEVAL LIGHTNING FIELD takes us in pleasure and terror along the way to that range shimmering beyond grim power where the waters and suns are both kindled by splendour Barry Maxwell *Will Alexander's Poetics* Joshua Schuster, 2025-09-26 This volume brings together academic and poetic essays which focus on Will Alexander's complete oeuvre The collection explores Alexander's long career in African American avant-garde poetry and sheds light on other genres of Alexander's work in addition to poetry including essays plays aphorisms novels dialogues and drawings Each contribution contextualizes Alexander's work in the many traditions and literatures his work draws from including African American poetics ecopoetics post-colonial and anti-colonial poetics bio and geo-histories and global practices of consciousness-raising and spiritual transformation among other topics The volume also includes a new interview with Alexander as well as one of his long unpublished poems Alexander's writings are multi-generic and traverse many fields and states of consciousness This edited collection thus provides a deep and sustained engagement with Alexander's work surveying how it has transformed the landscape of poetics the avant-garde and the individual reader

Impossible Things Miller Oberman, 2024-09-06 Offering an intimate account of intergenerational grief Miller Oberman's new collection of poetry *Impossible Things* explores his experiences as both a transgender child and father Oberman weaves in passages from his own deceased father's unpublished memoir to engage with the mysterious drowning of his eldest brother Joshua at age two a tragedy that cast a shadow over his childhood He depicts his own youth and parenthood in the

context of his father's trauma employing queer and trans theory and experimental poetic forms to challenge and expand discourse around fatherhood and masculinity Oberman moves beyond an attempt to solve the mystery of Joshua's death and interrogates how much we can ever know about our forebears or understand their impacts on our lives *Impossible Things* offers a necessary intervention into the well-worn terrain of fatherhood boyhood memoir and functions as a living elegy communicating with the past the dead and the unknowable while speaking to the possibilities for healing intergenerational trauma

[The Cry at Zero](#) Andrew Joron, 2007 Poetry Essays In *THE CRY AT ZERO* Andrew Joron ranges through literature science and philosophy as he maps a poetics and gripping poetic ontology that responds to the disturbing politics of our time Confronting postmodern skepticism Joron begins from the premise that poets are chained to the impossible and that the poetic cry exceeds specific social crises Joron teaches us that more than ever before there is a distinct and obvious place for the unsayable the abysmal in our poetic practice Joron's prose works interwoven here with a series of soaringly lyrical prose poems are indispensable in our attempts to embrace a creative space that encompasses human experience

NourbeSe Philip novelists Alfred Jarry and Virginia Woolf comic book writer Grant Morrison and physicists Albert Einstein and Werner Heisenberg The introduction explores why poetry and physics are capable of jointly investigating our most fundamental questions about the universe and discusses the history of the art/science connection in addition to the author's own journey In searching for the groundbreaking ways that artists and scientists can collaborate *The Imaginary Present* offers readers both reasoned grounding and poetic framing for an interdisciplinary poetics and praxis based on science

The Brimstone Boat Will Alexander, 2011-10-26 Yet the voice of Will Alexander who here commemorates Lamantia in his pluperfect poem

The Brimstone Boat rose hardly more than a quarter century later In this automatically extended poem we are witness to the passage of energies from the older to the younger poet as Alexander charts Lamantia's life and writings across a Renaissance globe It is here as well that Alexander succeeds Lamantia who died in 2005 as America's greatest living surrealist poet as the new poet at the helm on the brimstone boat on a voyage of perpetual exploration ANDREW JORON The volume starts off with the 81 pages of the title poem then 14 pages for three shorter poems followed by 19 pages devoted to a glossary then 50 pages for the content of four essays and finally 3 pages of post notes On the cover the frontispiece and the end page are three works by the American surrealist Marie Wilson also included are eight pencil drawings by Will Alexander and two large photographs of Lamantia and Alexander *Encyclopedia of American Poetry: The Twentieth Century* Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States Spectral Hieroglyphics: The One True Body, At the Vertigo Borders, On Higher Phlogiston Current Will Alexander, 2017-07-19 Black White Paperback Edition Spectral Hieroglyphics is a timeless organic constellation of poems on the unstoppable power of radical poetic vision In this extraordinary troika of poems Will Alexander not only shows the strong determination of three free minds to achieve a fully poetic way of life he also demonstrates the actuality of their revolutionary visions Alexander portrays these poets in the grandeur of their passionate ideas Will Alexander revives these visions in a new myth for the future Laurens Vancrevel Foreword Profusely illustrated by Rik Lina **Diasporic Avant-Gardes** C. Noland, B. Watten, 2016-04-30 Diasporic Avant Gardes draws into dialogue two differing traditions of poetic practice the diasporic and the avant garde This interdisciplinary collection examines the unacknowledged affinities and crucial differences between avant garde and diasporic formal strategies and social formations The essays foreground the creation of experimental forms and investigate the specific contexts of cultural displacement and language use that inform their poetics The Wisdom Anthology of North American Buddhist Poetry Andrew Schelling, 2005-05-15 This unique collection brings us African Americans reading the Black diaspora through the eyes of exiled Tibetan monks Americans of Vietnamese and Tibetan heritage wrestling with the cultural norms of their parents or ancestors Zen and Dada inspired performance pieces and groundbreaking writings from the pioneers of the Beat movement so many of whom remain not just relevant but vital to this day With its eclectic mix of acknowledged elders and newly emergent voices this landmark anthology vividly displays how Buddhism is influencing the character of contemporary poetry Neo-surrealism, Or, The Sun at Night Andrew Joron, 2004 Poetry Cultural Writing

The history of neo surrealism in American poetry is not a linear story whose future is determined by its past It is a sleepwalker armed with reason As such it arrives both too late and too early a solar apparition at midnight NEO REALISM OR THE SUN Andrew Joron is a poet and translator who lives in Berkeley CA He is the author of several books including FATHOM 2003 selected by the Villiage Voice as one of the top 25 books of 2003 *This Compost* Jed Rasula,2012-09-01 Poetry for Jed Rasula bears traces of our entanglement with our surroundings and these traces define a collective voice in modern poetry independent of the more specific influences and backgrounds of the poets themselves In *This Compost* Rasula surveys both the convictions asserted by American poets and the poetics they develop in their craft all with an eye toward an emerging ecological worldview Rasula begins by examining poets associated with Black Mountain College in the 1950s Charles Olson Robert Creeley and Robert Duncan and their successors But *This Compost* extends to include earlier poets like Robinson Jeffers Ezra Pound Louis Zukofsky Kenneth Rexroth and Muriel Rukeyser as well as Clayton Eshleman Gary Snyder Michael McClure and other contemporary poets Walt Whitman and Emily Dickinson also make appearances Rasula draws this diverse group of poets together uncovering how the past is a compost fertilizing the present He looks at the heritage of ancient lore and the legacy of modern history and colonial violence as factors contributing to ecological imperatives in modern poetry *This Compost* restores the dialogue between poetic language and the geophysical biological realm of nature that so much postmodern discourse has sought to silence It is a fully developed carefully argued book that deals with an underrepresented element in modern American culture where the natural world and those who write about it have been greatly neglected in contemporary literary history and theory **The Best American Poetry 2004** Lyn Hejinian,David Lehman,2004-09-14 The eagerly anticipated new edition of the yearly anthology of contemporary American poetry is now a brand name in the literary world **Research in African Literatures** ,2005 **What I Say** Aldon Lynn Nielsen,Lauri Ramey,2015-06-15 *What I Say* Innovative Poetry by Black Writers in America is the second book in a landmark two volume anthology that explodes narrow definitions of African American poetry by examining experimental poems often excluded from previous scholarship The first volume *Every Goodbye Ain t Gone* covers the period from the end of World War II to the mid 1970s In *What I Say* editors Aldon Lynn Nielsen and Lauri Ramey have assembled a comprehensive and dynamic collection that brings this pivotal work up to the present day The elder poets in this collection such as Nathaniel Mackey C S Giscombe Will Alexander and Ron Allen came of age during and were powerfully influenced by the Black Arts Movement and *What I Say* grounds the collection in its black modernist roots In tracing the fascinating and unexpected paths of experimentation these poets explored however Nielsen and Ramey reveal the tight delineations of African American poetry that omitted noncanonical forms This invigorating panoply of work when restored brings into focus the creatively elastic frontiers and multifaceted expressions of contemporary black poetry Several of the poets discussed in *What I Say* forged relationships with members of the L A N G U A G E poetry movement and participated in the broader community of innovative poetry that

emerged in the late 1970s and early 1980s and continues to exert a powerful influence today Each volume can stand on its own and reading them in tandem will provide a clear vision of how innovative African American poetries have evolved across the twentieth century and into the twenty first What I Say is infinitely teachable compelling and rewarding It will appeal to a broad readership of poets poetics teachers poetics scholars students of African American literature in nonnarrative forms Afro futurism and what lies between the modern and the contemporary in global and localized writing practices **The PIP Anthology of World Poetry of the 20th Century** Douglas Messerli,2000 The fifth volume of this acclaimed anthology features the work of innovative poets of southern California This gathering of 28 poets does not write a particular kind of poetry but as individuals they have worked together through a series of intersecting ideas and interests to create some of the best writing of contemporary poetry contradicting many of the simplistic notions of people outside of the region In his introduction editor Douglas Messerli provides a complete history of the loosely knit group and the interrelationships within it

boneyard Stephen Beachy,2011-10-11 In this unusual collaborative novel Jake Yoder a precocious boy caught between Amish culture and the modern world sits in his middle school classroom writing stories at the behest of a stern but charismatic teacher Jake s stories feature children who are crushed imprisoned and distorted and yet somehow flailing around with a kind of bedazzled awe trying to find a way out His characters wander through Amish farms one room schoolhouses South American plains mental institutions exotic cities and prisons his sentences seem constructed to the beat of an obsessive internal rhythm and his prose is often haunting and beautiful The strange logic and disturbing shifts in Jake s tales reveal a young boy processing intense emotional experiences in the wake of his mother s suicide and his own proximity to the schoolroom shootings at Nickel Mines Pennsylvania in 2006 Jake imagines fantastic journeys magical transformations and rock stardom as alternatives it seems to his own grim reality and the limitations of his life among the Amish Novelist Stephen Beachy frames Jake s work with commentary from both himself and editor Judith Owsley Brown in which they offer their very different views on Amish culture literary context the use of psychoactive medications for children Stephen s own mental health and the reality of Jake Yoder s unverified existence *Encyclopedia of African-American Literature* Wilfred D.
