...in the beginningor at the enda collection of thoughts drchisnell,2023-09-15 A summary of this book is hard to nail down It is a collage of life experiences and memories from an old man s complicated life The happenings described herein come from random memories and thoughts over many years memories that were turned into thoughts that ended up being written down in no certain order of events or of time The main idea in this tome is to inspire the reader to read the Bible for himself with the help of the Holy Ghost to guide the reader s understanding If the reader was marooned on an uninhabited island and a Bible washed ashore with him it would give the reader a great chance to meet Jesus Christ and develop a personal relationship with Him Nevertheless if the reader wants to be entertained the poetry and thoughts herein will give a glimpse into an old man s soul

The Way It Is: the Beginning or the End Christina L. Hart,2019-07-09 In this book you would think you have the ultimate complementation of Donald Goines Zane and the mild Terry McMillian The book is about a family struggling to balance street life love and secrets that will eventually surface The main thing is that when the truth is revealed does it instantly destroy the family or will they slowly fall apart The story begins with two brothers who are very close to each other They are like twins but are also different in their own manner as well The streets are steadily calling out to them but so are their women The women that they connect with slowly change some of their negative views on life to a more balanced and positive way However is it going to be too late for them Will the women instead become more in tuned with the world of crime and violence than become someone who brings about change Is it the beginning or the end of what they know life to be

The Beginning of the End of The British Empire Roger Payne OAM,2020-02-05 This is a Short Story Book with A Difference It has true stories in it that show what it was like to live in a GIANT BUBBLE called the 2nd World War Many of the stories describe the emotional and physical cost of a World War on the British people who were forced to endure almost 6 years of continuous fighting Numerous individuals chose to suppress their emotions by adopting the famous British stiff upper lip while struggling with their inner fears It wasn't the best solution it was the only solution under the circumstances By doing so it provided them with the sufficient inner strength to keep going through the unknown for that's what their lives were like during this period completely unknown and living on the edge day by day Death was frequently perched on their shoulders taunting and mocking them Especially those in the military who lived through the terrible nightmare that was the daily carnage in the front line because they knew that tomorrow could easily be their last day on earth It was an abnormal existence dealing with their own mortality and many succumbed to what was known at the time as shell shock and by the end of the war it was too much of a burden for countless men and women and was a contributing factor in many suicides in a society where being outwardly strong was considered to be an important asset
