Whit Unknown Binding Iain Banks:

Elemental Encounters in the Contemporary Irish Novel Claire McGrail Johnston, 2019-12-19 The underlying premise of this book is that reading is touching Words leap out of their beds and pierce flesh like a knife Storytelling breathes within the dynamic of encounters with air fire earth and water permeated by emotion imagination and touch These ideas are contextualized within ancient community rituals social justice gatherings pedagogical practices and map making The four elements are retrieved from exile as imaginative corporeal and generative substances that operate within stories like medicine bundles Reading becomes a Deleuzian enterprise of health a challenging experience that grasps Paulo Freire's generative themes and is simultaneously thought provoking and valuable The capacious literary space capable of housing this sensual ferment is the novel More verb than noun the novel is an elemental bundle that engages with flesh in all its manifestations This book spotlights Irish novels by John Banville and Mary Morrissy exploring how they revitalise the elements with sensual social and tactile textures
