book an easy pleasure Issued twice a year each volume gives you excerpts from debut and well known writers in both fiction and non fiction over a wide variety of genres *My Paperback Book* Poppy Hollingworth,2016-04-29 She has never had better friends than the ones in her head She has never taken control She has never thought of doing something reckless She has never liked her name She has never liked where she came from nor what he has become She has always loved words There are nine words she loves beyond all She has never thought of sharing this love with anyone else Not until she decides to find the tenth *Paperback Trade News* ,1962 **Slip-and-fall Prevention Made Easy** Russell J. Kendzior,1999 This concise reference aims to increase awareness and understanding of slip and fall accidents on both the shop floor and the showroom floor and to provide all industries with the information needed to prevent future incidents from occurring Backed by more than ten years of research the author examines the cause and effect nature of slips and falls and describes the scope of slip and fall accidents He provides you with the tools you need to understand the nature of the Accident Cycle apply that understanding to your organization and learn to recognize the contributing factors and the patterns in your own business environment *Consumerism and Prestige* Anthony Enns,Bernhard Metz,2022-07-05 This anthology explores the relationships and interdependencies between literary production and distinctions of taste by examining how the material aspects of literary texts such as the cover binding typography and paper stock reflect or even determine their cultural status In many cases for example the distinctions between highbrow and lowbrow taste have little to do with the content of the texts themselves as books often function as markers of socioeconomic status like clothing or home decor One might even go so far as to say that the concept of literary taste is more closely related to fashion sense than critical judgment The anthology seeks to address this claim by examining how the tensions between consumerism and prestige reflect fundamental historical changes with regard to the development of technology literacy and social power *Beautiful Joe (Paperback)* Marshall Saunders,1999 A dog describes being mistreated by a cruel master but then later being taken in by a kind family *Bill Severn's Complete Book of Magic* Bill Severn,1995 Presents step by step instructions for hundreds of tricks and illusions
