Grade 9–10 | WORLD'S #1 ACADEMIC OUTLINE

Common Core
State Standards

High
School

Algebraic Expressions, Writing Equations, Solving Inequalities, Functions, Arithmetic Sequences, Systems of Equations, and more!

ALGEBRAIC EXPRESSIONS & PROPERTIES ASSESSMENT

A **variable** is a symbol that is used to represent an unknown quantity. An **algebraic expression** is a mathematical expression that contains one or more variables, one or more numbers, and one or more arithmetic operations.

EX: x
 $5 - b$
 $4p + 2q + 7$
 $3x^2 + 7x - 1$

Order of Operations

The **order of operations** is a set of rules that determine which operations to perform first when evaluating a numerical expression.

1. Evaluate within grouping symbols.
2. Evaluate all powers.
3. Multiply and divide from left to right.
4. Add and subtract from left to right.

Properties of Real Numbers

For real numbers a , b , and c , the following properties are true.

Property	Expression
Commutative Property of Addition	$a + b = b + a$
Commutative Property of Multiplication	$a \cdot b = b \cdot a$
Associative Property of Addition	$a + (b + c) = (a + b) + c$
Associative Property of Multiplication	$a \cdot (b \cdot c) = (a \cdot b) \cdot c$

Distributive Property	$a \cdot (b + c) = a \cdot b + a \cdot c$
Additive Identity Property	$a + 0 = a$
Additive Inverse Property	$a + (-a) = 0$
Multiplicative Inverse Property	$a \cdot \left(\frac{1}{a}\right) = 1, a \neq 0$
Multiplicative Property of Zero	$a \cdot 0 = 0$

Parts of an Expression

A **term** is a number, variable, or the product of numbers and variables in an expression. **Like terms** are terms that have the same variables raised to the same powers. Two quantities that are being multiplied in an expression are called **factors**. The **coefficient** of a term is the numerical factor of the term. A term that consists of a number and no variables is called a **constant**.

REASONING WITH QUANTITIES NQ.1, NQ.3

The units of a quantity can help you understand and solve multi-step problems.

Dimensional Analysis

Dimensional analysis is the process of using conversion factors to change from one set of units to another set of units.

EX: Jamie jogged 495 feet in 45 seconds. What was her speed in miles per hour?

Write the given information as a ratio. Then use appropriate conversion factors to change units.

$$\frac{495 \cancel{\text{ft}}}{45 \cancel{\text{s}}} \cdot \frac{1 \text{ mi}}{5280 \cancel{\text{ft}}} \cdot \frac{4800 \cancel{\text{s}}}{1 \text{ hr}} = \frac{1 \text{ mi}}{5 \text{ min}}$$

Convert from feet to miles.

$$\frac{1 \text{ mi}}{480 \cancel{\text{min}}} \cdot \frac{60 \cancel{\text{min}}}{1 \text{ hr}} = \frac{1 \text{ mi}}{8 \text{ hr}}$$

Convert from seconds to minutes.

$$\frac{1 \text{ mi}}{8 \cancel{\text{hr}}} \cdot \frac{60 \cancel{\text{min}}}{1 \text{ hr}} = \frac{7.5 \text{ mi}}{1 \text{ hr}}$$

Convert from minutes to hours.

Jamie's speed was 7.5 miles per hour.

Modeling with Appropriate Units

When modeling with quantities, it is important to choose appropriate units.

EX: Suppose a tourist buys a map of Florida while on vacation. What might the scale of the map be? What units would represent the actual distance between cities?

The map is a small-scale drawing of the state. Distances on the map will be very small compared to the actual distances between cities. A scale for the map might be 1 cm = 250 km or 2 in. = 175 mi. The distances between the actual cities would be measured in miles or kilometers.

Accuracy & Precision

Accuracy describes how close a measured value is to the actual value.

EX: Thomas is 5 feet 10.25 inches tall. A measurement of 5 feet 10 inches is more accurate than a measurement of 6 feet when describing his height.

Precision describes the exactness of a measurement and is dependent on the unit of measure. The **precision unit** is the smallest unit on the tool being used to measure. As the units of measurement get smaller, the measurement gets more precise.

EX: A ruler that measures in millimeters is more precise than a ruler that measures in centimeters.

EX: For a scale that gives weight in pounds and ounces, the precision unit is ounces.

WRITING EQUATIONS A.CED.1, A.CED.3

An **equation** is a number sentence that states that two quantities are equal to each other. The verbal expressions **equals**, **is**, **is equal to**, and **is the same as** indicate an equation.

Modeling with Equations

Equations can be used to model real-world situations and solve problems.

EX: Reggie's little sister is 3 years younger than him. The sum of their ages is 27 years. How old is Reggie?

- Define a variable.
- Let r represent Reggie's age.
- Translate the verbal description into an equation.

Reggie's age: r
Reggie's sister's age: $r - 3$
Sum of their ages: $r + (r - 3)$
Because the sum of their ages is 27 years, the equation $r + (r - 3) = 27$ models the situation.

You can verify that the solution to the equation is $r = 15$. So, Reggie is 15 years old. In the next section, you will learn several methods for solving equations.

SOLVING EQUATIONS A.REI.1, A.REI.3

You can use the following properties of equality to solve equations.

- **Addition Property of Equality:** If you add the same number to both sides of an equation, the two sides remain equal.
- **Subtraction Property of Equality:** If you subtract the same number from both sides of an equation, the two sides remain equal.
- **Multiplication Property of Equality:** If you multiply both sides of an equation by the same number, the two sides remain equal.
- **Division Property of Equality:** If you divide both sides of an equation by the same nonzero number, the two sides remain equal.

Solving Multi-step Equations

Equations that have multiple operations and more complicated expressions are called **multi-step equations**. To solve these types of equations, simplify both sides as much as you can and use the properties you have learned to undo the operations.

EX: A coin-operated car wash costs \$1.75 plus \$0.50 per minute of use. Shawna spent \$2.75 using the car wash. Solve the equation $1.75 + 0.5m = 2.75$ to find the number of minutes, m , that she used the car wash.

$$1.75 + 0.5m = 2.75$$

$$1.75 - 1.75 + 0.5m = 2.75 - 1.75$$

$$0.5m = 1$$

$$2(0.5m) = 2(1)$$

$$m = 2$$

Shawna used the car wash for 2 minutes.

Original equation
Subtract 1.75 from each side.
Simplify.
Multiply each side by 2.
Simplify.

Math Practice 3: Construct viable arguments and critique the reasoning of others.

Each time you apply a property of real numbers or a property of equality to transform an equation, you can justify that both sides of the equation are still equal. As you solve equations, think about which property allows you to transform it into an equivalent form.

Study Guide Workbooks Math

Reza Nazari, Ava Ross

Study Guide Workbooks Math:

Common Core Math Grade 3 Workbook Test Prep Books, 2018-10-08 Test Prep Books Common Core Math Grade 3 Grade 3 Workbook Common Core 3rd Grade Math Workbook Practice Test Questions Developed by Test Prep Books for test takers trying to achieve a passing score on the Common Core Math Grade 3 exam this comprehensive study guide includes Quick Overview Test Taking Strategies Introduction Operations and Algebraic Thinking Number and Operations in Base Ten Number and Operations Fractions Measurement and Data Geometry Each section of the test has a comprehensive review created by Test Prep Books that goes into detail to cover all of the content likely to cover 3rd Grade Common Core standards The Test Prep Books Common Core Math 3rd Grade practice test questions are each followed by detailed answer explanations If you miss a question it's important that you are able to understand the nature of your mistake and how to avoid making it again in the future The answer explanations will help you to learn from your mistakes and overcome them Understanding the latest test taking strategies is essential to preparing you for what you will expect on the exam A test taker has to not only understand the material that is being covered on the test but also must be familiar with the strategies that are necessary to properly utilize the time provided and get through the test without making any avoidable errors Test Prep Books has drilled down the top test taking tips for you to know Anyone planning to take this exam should take advantage of the Common Core Math Grade 3 review material practice test questions and test taking strategies contained in this Test Prep Books study guide

Common Core Mathematics Workbook For Grade 7 Reza Nazari, Ava Ross, 2018-08-19 The Best Book for 7th grade students to ACE the Common Core Math Exam The goal of this book is simple It will help your student incorporate the best method and the right strategies to prepare for the Common Core Mathematics test FAST and EFFECTIVELY Common Core Mathematics Workbook is full of specific and detailed material that will be key to succeeding on the Common Core Math It's filled with the critical math concepts a student will need in order to ace the test Math concepts in this book break down the topics so the material can be quickly grasped Examples are worked step by step so you learn exactly what to do Common Core Mathematics Workbook helps your student to focus on all Math topics that students will need to ace the Common Core Math test This book with 2 complete Common Core tests is all your student will ever need to fully prepare for the Common Core Math This workbook includes practice test questions It contains easy to read essential summaries that highlight the key areas of the Common Core Math test Effortless Math test study guide reviews the most important components of the Common Core Math test Anyone planning to take the Common Core Math test should take advantage of the review material and practice test questions contained in this study guide Inside the pages of this workbook students can learn basic math operations in a structured manner with a complete study program to help them understand essential math skills It also has many exciting features including Dynamic design and easy to follow activities A fun interactive and concrete learning process Targeted skill building practices Math topics are grouped by category so students can focus on

the topics they struggle on All solutions for the exercises are included so you will always find the answers 2 Complete Common Core Math Practice Tests that reflect the format and question types on Common Core Common Core Mathematics Workbook is a breakthrough in Math learning offering a winning formula and the most powerful methods for learning basic Math topics confidently Each section offers step by step instruction and helpful hints with a few topics being tackled each chapter Two complete REAL Common Core Math tests are provided at the back of the book to refine your student s Math skills Common Core Math Workbook is the only book your student will ever need to master Basic Math topics It can be used as a self study course you do not need to work with a Math tutor It can also be used with a Math tutor Ideal for self study as well as for classroom usage Published by Effortless Math Education www.EffortlessMath.com *Common Core Mathematics Workbook For Grade 8* Reza Nazari, Ava Ross, 2018-08-19 The Best Book for 8th grade students to ACE the Common Core Math Exam The goal of this book is simple It will help your student incorporate the best method and the right strategies to prepare for the Common Core Mathematics test FAST and EFFECTIVELY Common Core Mathematics Workbook is full of specific and detailed material that will be key to succeeding on the Common Core Math It s filled with the critical math concepts a student will need in order to ace the test Math concepts in this book break down the topics so the material can be quickly grasped Examples are worked step by step so you learn exactly what to do Common Core Mathematics Workbook helps your student to focus on all Math topics that students will need to ace the Common Core Math test This book with 2 complete Common Core tests is all your student will ever need to fully prepare for the Common Core Math This workbook includes practice test questions It contains easy to read essential summaries that highlight the key areas of the Common Core Math test Effortless Math test study guide reviews the most important components of the Common Core Math test Anyone planning to take the Common Core Math test should take advantage of the review material and practice test questions contained in this study guide Inside the pages of this workbook students can learn basic math operations in a structured manner with a complete study program to help them understand essential math skills It also has many exciting features including Dynamic design and easy to follow activities A fun interactive and concrete learning process Targeted skill building practices Math topics are grouped by category so students can focus on the topics they struggle on All solutions for the exercises are included so you will always find the answers 2 Complete Common Core Math Practice Tests that reflect the format and question types on Common Core Common Core Mathematics Workbook is a breakthrough in Math learning offering a winning formula and the most powerful methods for learning basic Math topics confidently Each section offers step by step instruction and helpful hints with a few topics being tackled each chapter Two complete REAL Common Core Math tests are provided at the back of the book to refine your student s Math skills Common Core Math Workbook is the only book your student will ever need to master Basic Math topics It can be used as a self study course you do not need to work with a Math tutor It can also be used with a Math tutor Ideal for self study as well as for classroom usage Published by Effortless

Math Education www.EffortlessMath.com *STAAR Mathematics Workbook For Grade 4* Reza Nazari, Ava Ross, 2018-09-10

The Best Book for 4th Grade Students to ACE the STAAR Math Test The goal of this book is simple It will help your student incorporates the best method and the right strategies to prepare for the STAAR Mathematics test FAST and EFFECTIVELY STAAR Mathematics Workbook is full of specific and detailed material that will be key to succeeding on the STAAR Math It s filled with the critical math concepts a student will need in order to ace the test Math concepts in this book break down the topics so the material can be quickly grasped Examples are worked step by step so you learn exactly what to do STAAR Math Workbook helps your student to focus on all Math topics that students will need to ace the STAAR Math test This book with 2 complete STAAR tests is all your student will ever need to fully prepare for the STAAR Math This workbook includes practice test questions It contains easy to read essential summaries that highlight the key areas of the STAAR Math test Effortless Math test study guide reviews the most important components of the STAAR Math test Anyone planning to take the STAAR Math test should take advantage of the review material and practice test questions contained in this study guide Inside the pages of this workbook students can learn basic math operations in a structured manner with a complete study program to help them understand essential math skills It also has many exciting features including Dynamic design and easy to follow activities A fun interactive and concrete learning process Targeted skill building practices Math topics are grouped by category so students can focus on the topics they struggle on All solutions for the exercises are included so you will always find the answers 2 Complete STAAR Math Practice Tests that reflect the format and question types on STAAR STAAR Math Workbook is a breakthrough in Math learning offering a winning formula and the most powerful methods for learning basic Math topics confidently Each section offers step by step instruction and helpful hints with a few topics being tackled each chapter Two complete REAL STAAR Math tests are provided at the back of the book to refine your student s Math skills STAAR Math Workbook is the only book your student will ever need to master Basic Math topics It can be used as a self study course you do not need to work with a Math tutor It can also be used with a Math tutor Ideal for self study as well as for classroom usage Published by Effortless Math Education www.EffortlessMath.com **HSC Mathematics Revision & Exam**

Workbook Lyn Baker, 2004 This book has been specifically designed to help Year 12 students to roughly revise all topics in the HSC Mathematics course and prepare for class assessments trial HSC and HSC exams Together with the Year 11 Preliminary Revision Exam Workbook the whole senior Mathematics course is covered The book includes topics covering the complete HSC Mathematics course 200 pages of practice exercises with topic tests for all chapters cross references to relevant pages in the HSC Mathematics study guide topic tests for all chapters two sample examination papers answers to all questions **Praxis Core Math 5733 Study Guide Updated Edition** Exam Sam, 2021-06-14 Exam SAM s Praxis Core Math 5733 Study Guide Updated Edition Mathematics Workbook and Practice Test Questions Academic Skills for Educators helps you learn the methods and formulas that you need to answer all of the types of questions on the Praxis Core Math Test

The book is the up to date 5733 version of the first edition of our highly rated Praxis Core Math book entitled Praxis Core Math Study Guide with Mathematics Workbook and Practice Tests Academic Skills for Educators Unlike other Praxis Core math study guides for sale on Amazon our book covers the exact skills you need for the 5733 version of the Praxis Core Math Test Why waste your time studying skills and formulas that you don't need for the test The practice tests in our book have been designed with feedback from actual Praxis Core test takers so the questions genuinely simulate those you will see on the actual day of your test Praxis Core Math Practice Test 1 is in study guide format with exam tips formulas explanations and solutions after each question You can refer back to the formulas and explanations in the first section of the study guide as you complete the remaining practice tests in the book The practice tests cover the same skill areas as the actual Praxis Core Math 5733 exam so each practice test has 56 questions as follows 20 number and quantity questions 18 data interpretation and representation statistics and probability and 18 algebra and geometry questions Get a step ahead in your Praxis Core Math 5733 preparation with this great book

Common Core Mathematics Workbook For Grade 6 Reza Nazari, Ava Ross, 2018-08-19 The Best Book for 6th grade students to ACE the Common Core Math Exam The goal of this book is simple It will help your student incorporate the best method and the right strategies to prepare for the Common Core Mathematics test FAST and EFFECTIVELY Common Core Mathematics Workbook is full of specific and detailed material that will be key to succeeding on the Common Core Math It's filled with the critical math concepts a student will need in order to ace the test Math concepts in this book break down the topics so the material can be quickly grasped Examples are worked step by step so you learn exactly what to do Common Core Mathematics Workbook helps your student to focus on all Math topics that students will need to ace the Common Core Math test This book with 2 complete Common Core tests is all your student will ever need to fully prepare for the Common Core Math This workbook includes practice test questions It contains easy to read essential summaries that highlight the key areas of the Common Core Math test Effortless Math test study guide reviews the most important components of the Common Core Math test Anyone planning to take the Common Core Math test should take advantage of the review material and practice test questions contained in this study guide Inside the pages of this workbook students can learn basic math operations in a structured manner with a complete study program to help them understand essential math skills It also has many exciting features including Dynamic design and easy to follow activities A fun interactive and concrete learning process Targeted skill building practices Math topics are grouped by category so students can focus on the topics they struggle on All solutions for the exercises are included so you will always find the answers 2 Complete Common Core Math Practice Tests that reflect the format and question types on Common Core Common Core Mathematics Workbook is a breakthrough in Math learning offering a winning formula and the most powerful methods for learning basic Math topics confidently Each section offers step by step instruction and helpful hints with a few topics being tackled each chapter Two complete REAL Common Core Math tests are provided at the back of
