The Ogham Plank Jim Lawrence, 2023-11-30 Feeling adrift and emotionally drained David MacDougall arrives in Scotland for a family matter but soon finds himself embroiled in something much bigger a dangerous and ancient Celtic quest On the Oban ferry on the way to the Isle of Mull David meets Carina Brodie More than being drawn to her beauty he soon finds himself entangled with her on a quest to discover the meaning of a set of mysterious clues carved into a strange wooden plank But this journey puts them in great danger for there are those on the island who are determined to stop them at all costs including murder Throughout all this David and Carina struggle to overcome the personal tragedies in their pasts in order to find a possible future together Can this dream become a reality for two such wounded people or has too much damage already been done in their lives Part adventure tale and page turning mystery part love story and 100 percent a celebration of Scottish Gaelic culture and history The Ogham Plank is a thrilling moving story that readers will not want to put down Author Jim Lawrence infused the pages with his research into Scottish Gaelic language culture and music as well as his own travels throughout Scotland His interest in the country comes naturally as he is able to trace his UK ancestry back to the 1500s The adventurous spirit with which Lawrence wrote the book breathes real life into the story The story unfolded as he wrote with the characters including the strong female lead almost dictating the story to him Just as readers won't want to stop till the last page Lawrence wrote because he too wanted to find out what would happen

Idealization in Epistemology Daniel Greco, 2023-07-04 It's standard in epistemology to approach questions about knowledge and rational belief using idealized simplified models But while the practice of constructing idealized models in epistemology is old metaepistemological reflection on that practice is not Greco argues that the fact that epistemologists build idealized models isn't merely a metaepistemological observation that can leave first order epistemological debates untouched Rather once we view epistemology through the lens of idealization and model building the landscape looks quite different Constructing idealized models is likely the best epistemologists can do Once one starts using epistemological categories like belief knowledge and confidence the realm of idealization and model building is entered We can object to a model of knowledge by pointing to a better model but in the absence of a better model the fact that a framework for epistemologizing theorizing involves simplifications approximations and other inaccuracies the fact of its status as an idealized model is not in itself objectionable Once we accept that theorizing in epistemological terms is inescapably idealized a number of intriguing possibilities open up Greco defends a package of epistemological views that might otherwise have looked indefensibly dismissive of our cognitive limitations a package according to which we know a
