Water Tower Gary Crew Study Guide:

The Really Useful Drama Book Roger McDonald, 2017-07-14 The Really Useful Drama Book offers busy primary school teachers a collection of step by step drama sessions inspired by high quality picturebooks that will engage children and promote enjoyable learning across the curriculum. Lively and thoughtful, the interactive drama sessions are structured around a wide range of texts including wordless picturebooks, postmodern picturebooks, short stories, well known texts by recognisable authors, and some you may not have come across before, all chosen for their power to foster curiosity. The step by step sessions can also be adapted to incorporate your own ideas and passions, allowing you to structure them for the topics you're exploring with your class. Each session is structured around two texts and offers a guide to the drama strategies used, teaching objectives, ideas for writing opportunities, problems, emotions, and challenges to explore, and a clear guide to exploring each text. Ten key themes are explored: Suspense, Prejudice, Friendship, Rhyme and rhythm, War and conflict, Nature, Overcoming fear, Possessions and obsessions, Dreams. Short stories. With a focus on the crucial role of imagination in the classroom, The Really Useful Drama Book helps reclaim a purposeful, passionate pedagogy and shows teachers how drama can place children right at the heart of a story, encouraging their desire to ask questions, solve problems, and search out new information.

Understanding Children's Books Prue Goodwin, 2008-06-24 Children's books play a vital role in education, and this book helps you to choose books that have the most to offer young children. Each chapter reflects on a different theme or genre and their role in educational settings, and recommends ten must reads within each one. The themes covered include books for babies, literature for the very young, narrative fiction, books in translation, poetry, picture books, graphic texts. Early years professionals, childcare professionals, and teachers working from nursery to Key Stage 3 will find this book a fascinating and useful resource.

Reading Raps Rita Soltan, 2005-12-30 Book clubs are sprouting up all over, and so are book club guides, but not all book club guides are equal. Many focus on a specific type of book club, or they take a generic approach of one size fits all, and most do not take into account the special needs of librarians and educators working with young readers. This guide has it all, and it will help you ensure that your book club meetings are both fun and educational. Focusing on children in grades 3-8 and their families, the book offers 100 ready-made book club instructions for popular children's and YA titles from newer releases such as Theresa Nelson's *Ruby Electric* and Blue Balliett's *Chasing Vermeer* to perennial favorites and award-winning classics such as Johanna Hurwitz's *Much Ado about Aldo* and Gary Soto's *Baseball in April* and *Other Stories*. Along with thought-provoking discussion questions, you'll find all the background information you need to conduct lively book discussions with a variety of readers: plot summary, themes, and characters, description, genre, reading level, author, and award information, related reads, and more. The guide describes four types of family-oriented book clubs: family, mother-daughter, father-son, and readers' rap, as well as a book club for kids only. The author provides practical instructions for making each type of book club successful. For each title, she provides a plot summary, characterization sketches, questions to use for

provocative discussion and follow up bibliographies on similar reads Notes on genres themes and reading levels are also provided The selected titles reflect some of the best most current and most popular children s literature In addition a broad scope of genres and multicultural titles are included Perfect for public library programs and after school book clubs this is a one stop resource with practical ready made plans that can easily be adapted to multiple environments Grades 3 8
