Indigenous Research Knowledges and Their Place in the Academy Bindi Bennett, Kelly Menzel, 2025-07-24 This book privileges Indigenous ways of knowing being and doing in research and serves as a voice in taking on some of the more marginal topics within methodologies It is significant in that it is written by indigenous scholars themselves The contributors shed light for example on Queer BlaQ bodies and place Indigenous women as central in reimagining fair academic practice others return to their foundational texts to reflect on the growth of Indigenous Standpoint Theory This book sees Indigenous Peoples as holding greater significance within research objectives and institutional practices and reimagines a research world embracing storytelling as foundational to academia It is intended for students and early researchers particularly Indigenous researchers whilst also serving as an invaluable textbook for non Indigenous people as it aids in explaining and outlining Indigenous research and is a valuable tool in the classroom and with research students It demonstrates that Indigenous research approaches can sit beside and be equal to Western research especially when engaging with the ethics process and for PhD students This book is invaluable for non Indigenous allies and researchers globally to further explain and outline Aboriginal Australian Indigenous research

Navigating a Changing World Geoffrey Hale, Greg Anderson, 2021-04-07 The negotiation of the Canada U S Free Trade agreement in 1985 88 initiated a period of substantially increased North American and later global economic integration However events since the election of Donald Trump in 2016 have created the potential for major policy shifts arising from NAFTA's renegotiation and continuing political uncertainties in the United States and with Canada's other major trading partners Navigating a Changing World draws together scholars from both countries to examine Canada U S policy relations the evolution of various processes for regulating market and human movements across national borders and the specific application of these dynamics to a cross section of policy fields with significant implications for Canadian public policy It explores the impact of territorial institutions and extra territorial forces institutional economic and technological among others on interactions across national borders both within North America and where relevant in broader economic relationships affecting the movement of goods services people and capital Above all Navigating a Changing World represents the first major study to address Canada's international policy relations within and beyond North America since the elections of Justin Trudeau in 2015 and Donald Trump in 2016 and the renegotiation of NAFTA

Yearbook of International Organizations 2014-2015 (Volume 3) Union Of International Associations, Union of International Associations, 2014-08-20 The Yearbook of International Organizations

provides the most extensive coverage of non profit international organizations currently available Detailed profiles of international non governmental and intergovernmental organizations IGO collected and documented by the Union of International Associations can be found here In addition to the history aims and activities of international organizations with their events publications and contact details the volumes of the Yearbook include networks between associations biographies of key people involved and extensive statistical data Volume 3 allows readers to locate organizations by subjects or by fields of activity and specialization and includes an index to Volumes 1 through 3
