Broken Angel: Book 2 in Unconventional Series Verna Clay, 2012-08-10 Order of books in the Unconventional Series Abby Mail Order Bride Broken Angel Ryder's Salvation Joy's Return Luke Samson is a successful writer at the youthful age of twenty five His life is proceeding as planned and he has no desire to marry for at least a few years While dining at a Dallas restaurant he overhears an intriguing conversation and receives his first look at Angel St Clair a woman who will forever change his carefully laid plans Although she has been blessed with angelic beauty her heart is shattered Can Luke not only mend but completely restore this broken woman Angel St Clair's sole desire is to hire a suitable husband to escort her safely to the bakery she purchased in San Francisco To that end she places a classified advertisement for a mail order husband Her life savings has gone into acquiring her business and she hopes to find if not happiness at least contentment after suffering a life of tragedy and heartache Angel W Vol 2 AJ Angelique, **The Broken Angel's Wings** Alisa Tangredi, 2013-08-28 Dearth McGovern's sense of right and wrong is shattered when a string of vigilante murders threatens to expose and eliminate his kind In the City of Angels hides a real angel Young and beautiful Evlin is capable of great destruction an incomparable force that McGovern has never before encountered Lies betrayals and an even more shocking discovery turn McGovern's life upside down when he learns Evlin is being hunted not only by the traitor within McGovern's circle but an ancient and vicious mortal enemy with designs of his own **Broken Pledge Book 2** Marti Talbott, 2015-01-22 Beautiful Hester Wyley was gone By the time John Carson returned from fighting in the American Revolution the woman he pledged to marry discovered her first husband was still alive and went back to South Carolina So John set his heart on claiming a homestead west of the Mountains It was in the Kentucky Territory that the delightful Quaker Polly Lewis captivated his heart and to her he also gave his pledge But when he returned to Virginia Hester was back truly widowed this time and just as beautiful as he remembered Which pledge would he break Search Terms early American Young adult family saga Revolutionary War *Broken Timelines - Book 2: Mesopotamia* Jack Stornoway, 2019-04-16 The current conventional Mesopotamian timeline of dynastic Mesopotamia is impossible Believing in it means endorsing the idea the Egyptians lagged thousand years behind the Sumerians technologically during the Middle Kingdom This timeline forces the bronze age Harappan civilization to have existed as recently as 1200 BC even as an iron age civilization had existed on the Ganges since at least 1800 BC It is also not what the ancient Sumerians actually recorded so believing it means believing that modern Assyriologists know more about ancient Sumer than the ancient Sumerians themselves Given that the ancient Sumerians lived through it and all Assyriologists have to go on is random bits of clay tablets and mostly ruined city mounds this seems like an incredible stretch of the imagination The fact is Assyriologists can't and don't need to explain the anachronisms because the Mesopotamian timeline is synchronized with the Egyptian timeline which Egyptologists insist on keeping as short as possible The idea that the ancient Sumerians built their earliest cities in the marshlands of Southern Iraq using

stone imported from other countries is entirely illogical they would have simply built them using mud bricks as they did in the later periods As the stone had to have been locally quarried the region could not have been a marshland when the earliest cities built meaning that the oldest levels of Uruk and Eridu must date back to before the region began turning into a marshland circa 9 000 years ago The fact that they switched to using mud bricks simply proves that the water levels rose during the course of Sumerian history flooding their farmlands and ultimately forcing the Mesopotamian cultures to migrate northward to Akkadia Babylonia and Assyria The fact that Assyriologists ignore the ancient Sumerian records of the antediluvian era is probably for the best as they cannot even accept that the 1st Kish Dynasty went back to 25 000 BC even though it has been proven that grains was being farmed in the region at that time Unfortunately the timeline of Egypt and Sumer are the two pillars that ancient history is built around As the early Sumerians were trading with the early Egyptians Assyriologists have been forced to synchronize the Mesopotamian timeline with the preposterous timeline used by Egyptologists While this means that most of Sumerian history is has to be ignored is also effects the timelines of all other Eurasian cultures in contact with the Mesopotamian The Harappan civilization of ancient India was trading with the Sumerians throughout its history and went into decline around the end of the Sumero Akkadian dynastic period which means the entire Harappan civilization is forced to correlate with the short Conventional Mesopotamian Timeline This forced the entire Harappan timeline into a period of 2000 years even though some of the archaeological sites in Pakistan and India have been carbon dated back to over 8000 BC These broken timelines then fan out further pulling the Minoans and Greeks Iranians and Chinese into this confusing mess
