At the farthest corner of Bangladesh there is a village called Tarapur. In this village, there lives a man named Kartik Poramanik. He is a hairdresser by profession, but a nature lover at heart. His passion is to plant saplings, which grow into gigantic trees. He started planting trees when he was only 10 years old. He remembers what his father once told him, "My son, you can earn the blessings of God by planting trees". He has never forgotten what his father told him. At present he is 63 years old. He has planted hundreds of trees in his village. Many of the trees are now 35-40 years old.

Once there were hardly any trees in this village. Kartik used to go to different houses for his job. At times he would get tired in the scorching sun, but there were no trees under which he could sit and rest for a while. Thinking how people suffer in the heat, Kartik began his tree-planting mission.

Occasionally Kartik would wake up early in the morning, take one or two labourers with him and set out to plant trees. He would walk long distances to plant trees, carrying with him some dry food and water. He would pay all the expenses from his own pocket. Kartik has planted trees beside the roads, in and around the bazar, schools and colleges, open fields and many other places.

At times it so happened that Kartik would go to water his plants at 10 or 11 pm. People asked him, "Kartik, are you mad? What are you doing so late at night?" Kartik would smile and say, "What to do, sir. I have to work hard the whole day to earn money for my family. I don't get time during the day. But my trees would die if I don't water them. So I come late at night to look after them."
