Tribes David Lammy,2020-03-05 A superb book about the tribalism gripping British politics Tribes is measured searching pitilessly self scrutinising and would probably amaze anyone who knows its author only from his Twitter persona Decca Aitkenhead Sunday Times David was the first black Briton to study at Harvard Law School and practised as a barrister before entering politics He has served as the Member of Parliament for Tottenham since 2000 Today David is one of Parliament s most

prominent and successful campaigners for social justice He led the campaign for Windrush British citizens to be granted British citizenship and has been at the forefront of the fight for justice for the families affected by the Grenfell Tower fire In 2007 inspired by the bicentenary of the Abolition of the Slave Trade Act and looking to explore his own African roots David Lammy took a DNA test Ostensibly he was a middle aged husband father MP for Tottenham and a die hard Spurs fan But his nucleic acids revealed that he was 25% Tuareg tribe Niger 25% Temne tribe Sierra Leone 25% Bantu tribe South Africa with 5% traces of Celtic Scotland and a mishmash of other unidentified groups Both memoir and call to arms *Tribes* explores both the benign and malign effects of our need to belong How this need genetically programmed and socially acquired can manifest itself in positive ways collaboratively achieving great things that individuals alone cannot And yet how in recent years globalisation and digitisation have led to new more pernicious kinds of tribalism This book is a fascinating and perceptive analysis of not only the way the world works but also the way we really are *Handbook on Critical Geographies of Migration* Katharyne Mitchell,Reece Jones,Jennifer L. Fluri,2019 Border walls shipwrecks in the Mediterranean separated families at the border island detention camps migration is at the centre of contemporary political and academic debates This ground breaking Handbook offers an exciting and original analysis of critical research on themes such as these drawing on cutting edge theories from an interdisciplinary and international group of leading scholars With a focus on spatial analysis and geographical context this volume highlights a range of theoretical methodological and regional approaches to migration research while remaining attuned to the underlying politics that bring critical scholars together *Aid State* Jake Johnston,2024-01-30 Haiti s state is near collapse armed groups have overrun the country many government officials have fled after the 2021 assassination of President Moise and not a single elected leader holds office refugees desperately set out on boats to reach the US and Latin America and the economy reels from the after effects of disasters both man made and natural that destroyed much of Haiti s infrastructure and institutions How did a nation founded on liberation a people that successfully revolted against their colonizers and enslavers come to such a precipice In *Aid State* Jake Johnston a researcher and writer at the Center for Economic and Policy Research in Washington DC reveals how long standing US and European capitalist goals ensnared and re enslaved Haiti under the guise of helping it To the global West Haiti has always been a place where labor is cheap politicians are compliant and profits are to be made Over the course of nearly 100 years the US has sought to control Haiti and its people with occupying police military and euphemistically called peacekeeping forces as well as hand picked leaders meant to quell uprisings and protect corporate interests Earthquakes and hurricanes only further devastated a state already decimated by the aid industrial complex Based on years of on the ground reporting in Haiti and interviews with politicians in the US and Haiti independent aid contractors UN officials and Haitians who struggle for their lives homes and families *Aid State* is a conscience searing book of witness *Village Gone Viral* Marit Tolo Østebø,2021-02-16 In 2001 Ethiopian Television aired a documentary about a small rural village called Awra Amba where

women ploughed men worked in the kitchen and so called harmful traditional practices did not exist The documentary radically challenged prevailing images of Ethiopia as a gender conservative and aid dependent place and Awra Amba became a symbol of gender equality and sustainable development in Ethiopia and beyond Village Gone Viral uses the example of Awra Amba to consider the widespread circulation and use of modeling practices in an increasingly transnational and digital policy world With a particular focus on traveling models policy models that become viral through various vectors ranging from NGOs and multilateral organizations to the Internet Marit Tolo steb critically examines the hidden dimensions of models and model making While a policy model may be presented as a best practice one that can be scaled up and successfully applied to other places the local impacts of the model paradigm are far more ambivalent potentially increasing social inequalities reinforcing social stratification and concealing injustice With this book steb ultimately calls for a reflexive critical anthropology of the production circulation and use of models as instruments for social change *Walter Kaufmann* Stanley Corngold,2018-12-11 The first complete account of the ideas and writings of a major figure in twentieth century intellectual life Walter Kaufmann 1921 1980 was a charismatic philosopher critic translator and poet who fled Nazi Germany at the age of eighteen emigrating alone to the United States He was astonishingly prolific until his untimely death at age fifty nine writing some dozen major books all marked by breathtaking erudition and a provocative essayistic style He single handedly rehabilitated Nietzsche s reputation after World War II and was enormously influential in introducing postwar American readers to existentialism Until now no book has examined his intellectual legacy Stanley Corngold provides the first in depth study of Kaufmann s thought covering all his major works He shows how Kaufmann speaks to many issues that concern us today such as the good of philosophy the effects of religion the persistence of tragedy and the crisis of the humanities in an age of technology Few scholars in modern times can match Kaufmann s range of interests from philosophy and literature to intellectual history and comparative religion from psychology and photography to art and architecture Corngold provides a heartfelt portrait of a man who to an extraordinary extent transfigured his personal experience in the pages of his books This original study both appreciative and critical is the definitive intellectual life of one of the twentieth century s most engaging yet neglected thinkers It will introduce Kaufmann to a new generation of readers and serves as a fitting tribute to a scholar s incomparable libido sciendi or lust for knowledge **Not the Type** Camilla Thurlow,2020-08-20 You can reinvent yourself you can change you can grow you can regress you can be any number of things at any particular time Please give yourself permission to do that and be equally as open minded to others who choose to do the same Because perhaps with just a little more compassion and acceptance we won t need to fit in to feel that we belong Camilla Thurlow came second on Love Island in 2017 More recently she impressed viewers in Celebrity SAS Who Dares Wins But that s not the most interesting part Camilla can do something that none of her fellow contestants can do find neutralise and destroy the landmines that threaten the lives and livelihoods of so many people in the world s former war zones and which make their land too dangerous to be

worked This is at once a memoir of an extraordinary life and a script for living one's life to the full Camilla Thurlow is a highly independent woman whose thoughts and experience will resonate with anyone seeking meaning in a world where women are too often discounted or who frequently feel alienated amid the frenzy of contemporary life This is a book about courage not just the courage to go out and deal with a lethal threat in some of the world's most dangerous and inhospitable places but the courage to confront one's own fears and anxieties and to be oneself in what too often seems an inhospitable world Not the Type will inspire a whole generation to dare the seemingly impossible Although often an engaging reflection on life landmines and Love Island this is also a book about learning to confront one's own anxieties in a world dominated by celebrity culture and social media and on being a woman in what is still too often a man's world CHANGE! M. Hijazi, 2020-02-08 In 2015 more than one million people came to Europe as refugees Germany got the largest share of them The reason was that the German Chancellor Angela Merkel opened the borders stating everyone was welcome When the critics asked her why she is quoted in the media as saying Wir schaffen das which means We can do this Mrs Merkel added It is a national duty DW 04/09/2017 Many small German cities were unable to deal with this massive influx of refugees Some people blamed Mrs Merkel and considered it to be a mistake It was truly a catastrophe and until today Germany has suffered from this disaster Said Mansoor was a wealthy TV presenter of a political show in Iraq He was threatened with death because he had apparently crossed a red line in his show by opening cases against people in the Iraqi government He fled Iraq in search of a safe place Europe Germany During his journey he faced many difficulties and challenges He also met some important influential people with connections Those who have a significant influence on our lives These people helped Said to achieve his aim in his journey Was the help for free or did Said have to give something in return This fictional story is based on a true story However there are many events scenes name of people and cities which have been changed for privacy protection and security CHANGE It has never been easy *The Caravan* Delhi Press, 2017-11-11 Salman Khan has appeared in some of the biggest blockbusters in Hindi film history But his career has been blighted by allegations of involvement in crimes of poaching domestic violence and culpable homicide In the last decade the star has tried to reform his image If he has succeeded to some extent Anna MM Vetticad reports it has been not just through his own efforts but also the willingness of his fans and many around him to accept or justify even his most disturbing behaviour Also in this issue How Malayalam cinema's only female superstar got back to work The cinematic myth making of Louis Mountbatten Why Indian films box office figures do not add up Nepali politics sees a major reconfiguration in time for a watershed election Unsafe abortions through the ages Old Delhi's subversive love letter manuals The Tourism-Disaster-Conflict Nexus Andreas Neef, Jesse Hession Grayman, 2018-11-12 Tourism is often seen as the world's peace industry Yet while tourism may play a major role in post conflict and post disaster recovery the sector can also be a trigger of crisis and disaster This book examines the complex linkages between tourism disaster and conflict through a series of case studies drawn mainly from the Asia Pacific region

Struberville: The Consequences of Isolation Monte Dwyer, 2013-01-01 On a remote cattle station in Far North Queensland four gold prospectors push their luck and pay the price Venturing too close to the homestead they attract the attention of the landholders who arrive armed and dangerous Only three of the prospectors make it out alive This is the story of Bruce Schuler's murder at Palmerville Station on the 9th of July 2012 His murderers Stephen Struber and his wife Dianne Wilson had for decades been a law unto themselves terrorising all who dared cross their land Or as Struber saw it playing Cowboys and Indians and chasing them off the property Using real bullets Struberville is also a look at the darker side of isolation and what happens to the civilising influence of society when nobody's watching out there *Thinking Blue / Writing Red*

Stephen Tumino, 2024-08-08 *Thinking Blue Writing Red* interrogates contemporary culture across a range of texts from the pandemic Covid and Trump Speak to high theory Melville's narratives and popular culture Beyoncé's Formation and Super Bowl performance Twin Peaks metamodern cli-fi films Inspired by Derrida's idea of the secret Tumino examines the significance of social movements Black Lives Matter Occupy alter globalisation and naïve art Darger Ryden to argue that these texts speak of the secrets that capitalism cannot speak Contending that the cultural surfaces narrate only the nonsecret that to see the social logic of the culture one must dig into what Bruno Latour questions as the deep dark below *Thinking Blue Writing Red* reads these texts to tease out the underlying narratives of the culture of capital This book will be of interest to students in several disciplines including philosophy literary and cultural studies film studies women's studies critical race studies history LGBTQ studies and environmental studies The Dragon's Voice Bunty Avieson, 2015-04-01 This is a fascinating account of ancient culture colliding with modern media Tucked between Tibet and India in the Himalayas the kingdom of Bhutan is one of the most isolated and beautiful countries in the world In *The Dragon's Voice* Australian journalist Bunty Avieson provides a glimpse of life beyond the country's exotic exterior As a consultant to local newspaper Bhutan Observer she admires the paper's strong social conscience but finds her expectations challenged in a country where spirituality and personal happiness are prioritized over work Avieson also witnesses the tensions that arise as a Buddhist kingdom makes the transition to democracy The courtship ritual of night hunting and the nation's first public demonstration become controversial news items while journalists must overcome traditional social hierarchies to keep politicians accountable With a unique blend of memoir and reportage *The Dragon's Voice* is both a deeply personal story and a vivid portrait of a nation on the cusp of revolutionary change **Stalemate** Andrew Ong, 2023-06-15 *Stalemate* reveals the history and contemporary politics of the United Wa State Army UWSA Asia's strongest insurgent army on Myanmar's border with China This ethnographic tale recounts how a highland group often dismissed as rebels or narcotraffickers maintains a relational autonomy between two powerful lowland states The Wa polity engages rather than evades these surrounding states yet struggles to fit into their registers of sovereignty and statehood Andrew Ong examines political culture among Wa elites and people UWSA external relations and capital flows with neighboring China showing how Wa autonomy is enacted

through careful navigation of complex borderland geopolitics and the shadow economy He analyzes the seeming stalemate between the Myanmar state and the UWSA as one of tactical dissonance adopting simultaneous postures of authority and subordination and creating disruptions and connections Stalemate illuminates how seemingly ambiguous and disorderly practices of political signaling economic regulation and military governance produce relative stability challenging our assumptions about state like processes at the peripheries
