Drawing the Line Christina Bryan Rosenberger, 2016-07-19. Agnes Martin's 1912-2004 celebrated grid paintings are widely acknowledged as a touchstone of postwar American art and have influenced many contemporary artists. Martin's formative years however have been largely overlooked. In this revelatory study of Martin's early artistic production, Christina Bryan Rosenberger demonstrates that the rapidly evolving creative processes and pictorial solutions Martin developed between 1940 and 1967 define all her subsequent art. Beginning with Martin's initiation into artistic language at the University of New Mexico and concluding with the reception of her grid paintings in New York in the early 1960s, Rosenberger offers vivid descriptions of the networks of art artists and information that moved between New Mexico and the creative centers of New York and California in the postwar period. She also documents Martin's exchanges with artists including Ellsworth Kelly, Barnett Newman, Georgia O'Keeffe, Ad Reinhardt and Mark Rothko among others. Rosenberger uses original analysis of Martin's art as well as a rich array of archival materials to situate Martin's art within the context of a dynamic historical moment. With a lively innovative approach informed by art history and conservation, this fluidly written book makes a substantial contribution to the history of postwar American art.
