How To Impress Your Crush To Win Her Over Salim Khan Anmol, 2016-11-24 How To Impress Your Crush To Win Her Over You've developed feelings for someone special but where should you go from there Expressing your feelings for a crush usually starts with impressing them but how can you go about making a good impression For many this may be easier said than done Fortunately whether you're already close with your crush or barely know them at all there are plenty of things you can do to get them to see you in a new light Being sure of yourself and knowing how to strike up a fun smart conversation are both great places to start With a little time and effort you'll be well on your way towards impressing your crush I recommend to just start talking to your crush Show them that you're present that you're there and ask them questions about how they're doing Showing genuine interest is going to make them start thinking about you Try to find common ground between something they've been doing and something you've been doing This way you can then mention doing something together in the future Showing them a way that you can fit into their life will spark an image of you together in their mind Make your attraction apparent to your crush A crucial common mistake to make is to be too modest about your feelings If you don't show signs of attraction they might not get the impression you are interested in them Although you want to make sure not to get direct with it quite yet there are plenty of things you can do to show interest If you are relaxed enough chances are you're exhibiting some of these traits already 9 One thing you could do is try twirling your hair when you're around them if it's longer or maintaining a strong posture You could also try keeping your feet pointing in their direction It's also a good idea to maintain eye contact with them and smile at them Making light bodily contact like touching their arm or shoulder is something else you can do I Hope it works well to you Salim Khan Anmol Sakha Global Books Inc
