Wipe Your Credit Report:

Clean Up Your Credit! Richard Mansfield, 2022-05-15 Bad things happen to good people. Events not always under our control can often result in our credit scores going down and sometimes way way down. There are consumer protection laws that you can use to remove negative items from your credit report. Because of a quirk in the law you can, as the author did, remove items that really are yours. But if you try to go it alone, the credit repair journey can be a nightmare. This book introduces a step by step credit repair system. Actual documents the author used to settle suits and legal cases filed in federal courts against major credit bureaus. These are the credit repair secrets they really don't want you to know from someone who successfully challenged the credit reporting industry. Contrary to what you may believe, there is a way to improve your credit score substantially and this book will help you get there. The author was a vice president at Guardian Bank in charge of the collection department and went on to start a collection agency. After selling the agency, he became a credit restoration coach. To prove what he knew in theory could in fact be done, he stopped paying everything: repossession, foreclosure, medical bills, student loans, and credit cards. He even filed for bankruptcy. His credit score went from over 800 down to 461. He had it back to 742 in five months. Mr. Mansfield walks you through every step of the credit restoration process. As a bonus, when you purchase the book, there's information on how to contact Mr. Mansfield directly. There is no other credit restoration book like this. [The Indian Credit Reporting System](#) Apurva Bhagat, 2022-07-12 The book provides knowledge related to credit issues which is based on the vast experience of the author alongside some tips. A credit score is a phenomenal part of any lending decision, but due to a lack of awareness, people are crushing out their credit and financial institutions are also failing at some point in lending decisions. The book reveals some of the key points on The Credit Information Companies Regulation Act 2005, Gist of Credit Reporting System, Broad Explanation of Credit Reports, Importance of Credit Score and Best Ways to Boost It, TransUnion CIBIL Score 2.0, Managing your Credit and Future Planning, Idea of Credit Rectification Company, Expert Advice. The book is the first of its kind to provide you with some clarity on the subject in India. **Your Credit Score** Liz Pulliam Weston, 2012 Your Credit Score Fourth Edition thoroughly covers brand new laws changing everything from how your credit score can be used to how you can communicate with collectors. *The Complete Debt Relief Manual* John Oswald, 2013 The Complete Debt Relief Manual is the definitive guide to paying off and eliminating any kind of debt.
