In Women's Words Hannah Loney, 2018-06-27 Drawing primarily upon oral history interviews this study presents a woman-centred history of the Indonesian occupation It reveals the pervasiveness of violence as well as its gendered and gendering dynamics within the social and cultural everyday of life in occupied East Timor The violence experienced by East Timorese women ranged from torture rape and interrogation to various forms of surveillance and social control and the structural imposition of particular feminine ideals upon their lives and bodies Through women East Timorese familial culture was also targeted via programmes to develop and modernise the territory by transforming the feminine and the domestic sphere Women experienced the occupation differently to men not

just because they were vulnerable to sexual violence but also because they endured proxy violence as the military's means of targeting male relatives and the resistance at large. In *Women's Words* tells a story of survival and perseverance by highlighting the strength initiative and negotiating skills of East Timorese women. Many women lived in circumstances of constant negotiation and attempts to maintain order and normality as well as to provide for themselves and their families in a society where everyday life was characterised by violence and uncertainty. This study demonstrates the capacity of people to survive to endure and to resist even amid the most difficult of circumstances. It provides insights into the social and cultural elements of territorial control as well as the locally grounded strategies that are often used for negotiating and resisting an occupying power.

Moody's Manual of Railroads and Corporation Securities, 1921 **Power, Protection and Magic in Thailand** Craig J. Reynolds, 2019-10-22 This biographical study of an unusual southern policeman explores the relationship between religion and power in Thailand during the early twentieth century when parts of the country were remote and banditry was rife. Khun Phan 1898-2006 known as Lion Lawman sometimes used rather too much lethal force in carrying out his orders. He was the most famous graduate of a monastic academy in the mid south whose senior teachers imparted occult knowledge favoured by fighters on both sides of the law. Khun Phan imbibed this knowledge to confront the risks and uncertainty that lay ahead and bolster his confidence and self reliance for his struggle with adversaries. Against the background of national events the story is rooted in the mid south where the policeman was born and died. Based on a wide range of works in Thai language on field trips to the region and on interviews with local and regional scholars as well as the policeman's descendants this generously illustrated book accompanied by short video clips brings to life the distinctive environment of the lakes district on the Malay Peninsula.
