TARGET TOKYO

"Ever-building suspense"

—Columbus Dispatch

A handful of airmen, burning
for revenge, flying straight
into the jaws of hell—the
most dramatic action
saga of World War II

by James M. Merrill

Target Tokyo The Halsey Doolittle Raid

Spencer C. Tucker

Target Tokyo The Halsey Doolittle Raid:

Target Tokyo James M. Merrill, 1964 Attempts to relive the retaliatory U S Navy Air Force raid upon Japan on April 18 1942 Based primarily upon declassified official records and reviews of Japanese who experienced it Target Tokyo James Mercer Merrill, 1964 **Target Tokyo** James M. Merrill, Sam Sloan, 2014-12-22 This is the story of the famous Doolittle Raid of April 18 1942 This book calls it the Halsey Doolittle Raid named after Commander William Halsey Jr With the Japanese bombing of Pearl Harbor on December 7 1941 the Japanese believed that the war was essentially over The Americans could not recover from such horrific losses the Japanese thought The Japan Times reported With the imminent fall of Corregidor the entire waters of the south western Pacific will become an exclusive lake for the Japanese Navy and all American and British Warships will be completely shut out With the losses of their naval bases in these parts of the world warships of the United States and Great Britain have been made into inglorious baseless vagabonds of the high seas Most of them have been sent to the bottom by Japanese warships which have swept Anglo American ships clean of these waters Actually this was almost true The Americans needed to do something to restore their confidence Therefore Admiral Halsey planned and President Franklin Roosevelt approved of a bombing raid on Tokyo Target Tokyo James M. Scott, 2015-03-31 Finalist for the 2016 Pulitzer Prize in History Like Lauren Hillebrand's *Unbroken* *Target Tokyo* brings to life an indelible era Ben Cosgrove The Daily Beast On April 18 1942 sixteen U S Army bombers under the command of daredevil pilot Jimmy Doolittle lifted off from the deck of the USS Hornet on a one way mission to pummel Japan's factories refineries and dockyards in retaliation for their attack on Pearl Harbor The raid buoyed America's morale and prompted an ill fated Japanese attempt to seize Midway that turned the tide of the war But it came at a horrific cost an estimated 250 000 Chinese died in retaliation by the Japanese Deeply researched and brilliantly written *Target Tokyo* has been hailed as the definitive account of one of America's most daring military operations **The Doolittle Raid** John Grehan, 2020-03-30 On 1 April 1942 less than four months after the world had been stunned by the attack upon Pearl Harbor sixteen US aircraft took to the skies to exact retribution Their objective was not merely to attack Japan but to bomb its capital The people of Tokyo who had been told that their city was invulnerable from the air would be bombed and strafed and the shock waves from the raid would extend far beyond the explosions of the bombs The raid had first been suggested in January 1942 as the US was still reeling from Japan's preemptive strike against the US Pacific Fleet at Pearl Harbor The Americans were determined to fight back and fight back as quickly as possible The 17th Bomb Group Medium was chosen to provide the volunteers who would crew the sixteen specially modified North American B 25 bombers As it was not possible to reach Tokyo from any US land bases the bombers would have to fly from aircraft carriers but it was impossible for such large aircraft to land on a carrier the men had to volunteer for a one way ticket Led by Lieutenant Colonel Jimmy Doolittle the seventy one officers and 130 enlisted men embarked on the USS Hornet which was shielded by a large naval task force However the ships were spotted by a Japanese

ship The decision was therefore made to take off before word of the task force's approach reached Tokyo even though the carrier was 170 miles further away from Japan than planned and in the knowledge that the B 25s would not have enough fuel to reach their intended landing places in China The raid was successful and the Japanese were savagely jolted out of their complacency Fifteen of the aircraft crash landed in or their crews baled out over China the sixteenth managed to reach the Soviet Union Only three men were killed on the raid with a further eight being taken prisoner by the Japanese three of whom were executed and one died of disease The full story of this remarkable operation of the men and machines involved is explored through this fascinating collection of images The War Against Japan, 1941-1945 John J. Sbrega, 2015-06-12 With over 5200 entries this volume remains one of the most extensive annotated bibliographies on the USA's fight against Japan in the Second World War Including books articles and declassified documents up to the end of 1987 the book is organized into six categories Part 1 presents reference works including encyclopedias pictorial accounts military histories East Asian histories historiographies Part 2 covers diplomatic political aspects of the war against Japan Part 3 contains sources on the economic and legal aspects of the war against Japan Part 4 presents sources on the military aspects of the war embracing land air and sea forces Religious aspects of the war are covered in Part 5 and Part 6 deals with the social and cultural aspects including substantial sections on the treatment of Japanese minorities in the USA Hawaii Canada and Peru

Showdown in the Pacific War Ronald E. Martell, 2015-03-06 Showdown in the Pacific War Nimitz and Yamamoto This unique book combines a carefully researched history with an easy to read analysis of the war in a fictional meeting between staff officers close to Admirals Chester Nimitz and Isoroku Yamamoto They trace the events leading to the Pacific War and the heroic struggles following the attack on Pearl Harbor to the eclipse of the Japanese war machine at Coral Sea Midway Guadalcanal and beyond Showdown reveals Yamamotos opposition to Japans waging a war it could not win along with his planning of her early successes and Admiral Nimitz's patient and careful reversal of the Empires offensives Showdown presents an even handed view of the nations that waged combat in the early stages of history's most famous naval war Ron Martell has given us a new and very interesting look at World War II in the Pacific Instead of simply retelling history he puts the reader in a fictitious yet plausible latter day conference between two of the conflicts high ranking adversaries key staff officers of the American and Japanese navies Its a genuine page turner for any fan of World War II history Ronald Russell author of *No Right to Win A Continuing Dialogue with Veterans of the Battle of Midway* Showdown in the Pacific is a thoroughly enjoyable read If someone asks me for a single book to read on how the Pacific War started and then was fought for the first 18 months I will heartily recommend this one Thom Walla Editor and Host of The Battle of Midway RoundTable

The First Heroes Craig Nelson, 2003-09-30 Immediately after Japan's attack on Pearl Harbor President Franklin D Roosevelt sought to restore the honor of the United States with a dramatic act of vengeance a retaliatory bombing raid on Tokyo On April 18 1942 eighty brave young men led by the famous daredevil Jimmy Doolittle took off from a navy carrier in

the mid Pacific on what everyone regarded as a suicide mission but instead became a resounding American victory and helped turn the tide of the war The First Heroes is the story of that mission Meticulously researched and based on interviews with twenty of the surviving Tokyo Raiders this is a true account that almost defies belief a tremendous human drama of great personal courage and a powerful reminder that ordinary people when faced with extraordinary circumstances can rise to the challenge of history United States Air Force and Its Antecedents James T. Controvich, Martin Gordon, 2004-06-24 This bibliography lists published and printed unit histories for the United States Air Force and Its Antecedents including Air Divisions Wings Groups Squadrons Aviation Engineers and the Women s Army Corps Doolittle Dik A. Daso, 2003 On April 18 1942 Lt Col Jimmy Doolittle led a flight of sixteen B 25 bombers off the flight deck of the USS Hornet on one of the most daring raids in U S military history a low level strike on Tokyo and other Japanese cities For this heroic act he received the Medal of Honor But as Dik Alan Daso convincingly argues James H Doolittle should be remembered as much more than a famous combat pilot With a doctorate in aeronautics from MIT he devoted his life to mastering the technical and practical intricacies of the most amazing new invention of his time the airplane In 1922 Doolittle became the first person to complete a transcontinental flight across the United States in a single twenty four hour period Later he worked with the Shell Oil Company to develop high octane aviation fuel to enhance aircraft performance He also won numerous trophies for his record breaking high speed flights and he developed new instrumentation to assist pilots when flying blind A in poor weather In jet age parlance Doolittle constantly pushed the envelope A After holding several major combat commands during World War II he was appointed a special assistant to the Air Force chief of staff in 1951 and served as a civilian adviser in scientific matters including the development of ballistic missiles and the fledgling space program From the early days of aviation to the space age Daso provides a concise but expansive overview of the rapidly developing field of aviation and chronicles a pioneer's tireless efforts to be a visionary for the new era **A Global Chronology of Conflict** Spencer C. Tucker, 2009-12-23 This monumental six volume resource offers engaging entries of major diplomatic military and political events driving world conflicts from ancient times to the present Now from ABC CLIO long regarded as a premier publisher of military history comes a monumental resource that encapsulates the entire scope of conflict among human societies Spanning nearly five millennia from the earliest documented fighting to the present A Global Chronology of Conflict From the Ancient World to the Modern Middle East provides a comprehensive survey of major military events With coverage that reaches beyond the battles this work examines the political and diplomatic forces driving world conflicts revolutions forced changes of governments international treaties and acts of aggression and terrorism Written by acclaimed military historian Spencer C Tucker these six chronologically organized volumes offer an accessible richly detailed timeline of military conflict across human history The concise entries cover all important events on the battlefield and in the corridors of power with special features highlighting hundreds of key leaders and weapon systems From specific data on casualties to coverage of

evolving weapons technology to insightful analyses of the social impact of war A Global Chronology of Conflict is an essential resource for students researchers history buffs and general readers alike *Historical Dictionary of World War II* Anne Sharp Wells,2023-12-15 World War II was the largest and most costly conflict in history the first true global war Fought on land on sea and in the air it involved numerous countries and killed maimed or displaced millions of people both civilian and military around the world In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and the Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic This book focuses on the lesser known war the war with Japan It begins with Japan s seizure of Manchuria from China in 1931 and covers Japan s ambitious attacks on Pearl Harbor and other territories ten years later the use of atomic bombs on Japan s cities and the end of the Allied occupation of Japan in 1952 Although Japan renounced war in its 1947 constitution conflict continued across Asia as former colonies fought for independence and civil war engulfed other areas *Historical Dictionary of World War II The War Against Japan* Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on the military diplomatic political social economic and scientific aspects of the war in addition to the lives of the people who participated in and directed the war This book is an excellent resource for students researchers and anyone wanting to know more about the war against Japan during World War II *U.S. Leadership in Wartime* Spencer C. Tucker,2009-09-10 A historical study of the relationship between civilian and military leaders in the United States during wartime from the American Revolution to the Iraq War Now from one of the world s leading publishers of military history comes a breakthrough reference on one of the most important and complex aspects of U S national defense *U S Leadership in Wartime Clashes Controversy and Compromise* offers a comprehensive analysis of the characteristics that constitute effective leadership in war and discusses the often contentious relationships between U S civilian and military leadership throughout American history *U S Leadership in Wartime* focuses on ten conflicts including the Revolutionary War the Civil War World Wars I and II the Vietnam War the Iraq War and the war in Afghanistan Coverage for each conflict focuses on the dynamics of civilian military relations and their impact on the course outcome and perception of each war under discussion Coverage in each chapter includes an overview essay sidebars and detailed treatments of key engagements and battles as well as detailed biographical essays of important figures not just politicians and generals but also labor leaders business leaders journalists and women *Adult Catalog: Subjects* Los Angeles County Public Library,1970 *World War II* Spencer C. Tucker,2016-09-06 With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most comprehensive reference work available on the war This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the

causes course and consequences of the war Its introductory overview essays and cross referenced A Z entries explain how various sources of friction culminated in a second worldwide conflict document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world The coverage addresses the individuals campaigns battles key weapons systems strategic decisions and technological developments of the conflict as well as the diplomatic economic and cultural aspects of World War II The five volume set provides comprehensive information that gives readers insight into the reasons for the war s direction and outcome Readers will understand the motivations behind Japan s decision to attack the United States appreciate how the concentration of German military resources on the Eastern Front affected the war s outcome understand the major strategic decisions of the war and the factors behind them grasp how the Second Sino Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes of the battles during the conflict The lengthy documents volume represents a valuable repository of additional information for student research

[America's Heroes](#) James H. Willbanks,2011-03-11 This book features the stories of 200 heroic individuals awarded the Medal of Honor for their distinguished military service while fighting for their country from the Civil War to the conflicts in Iraq and Afghanistan America s Heroes Medal of Honor Recipients from the Civil War to Afghanistan pays tribute to Americans who have demonstrated uncommon valor in the face of great danger The Medal of Honor recipients featured in this book all acted heroically to earn this highly coveted award many of them by risking or sacrificing their lives to save the lives of others The stories of these individuals chosen to reflect the wide diversity of ethnic and cultural backgrounds branches of service and conflicts of the recipients will broaden readers understanding and appreciation of the Medal of Honor and the distinguished Americans who have received it In addition to the gripping stories of these heroic Americans this unique encyclopedia includes an introduction that chronicles the evolution in the award s significance The Medal of Honor has changed greatly over the last 150 years not only in the design of the physical decoration itself but also in terms of the qualifying criteria for the award s recipients

The A to Z of World War II Anne Sharp Wells,2009-09-28 World War II dominates world history today as it dominated world attention over 60 years ago In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic The A to Z of World War II The War Against Japan traces the brutal conflict from Japan s seizure of Chinese territory in 1931 through the onset of war with the Western Allies in 1941 to the use of atomic weapons by the United States in 1945 It also addresses the aftermath of the war including the formation of the United Nations and the American occupation of Japan As the first of two volumes covering World War II this volume concentrates on the war in Asia and the Pacific so the user benefits from the comprehensive explanations of the people places and events that shaped much

of that region's 20th century history

World War II in the Pacific

William A. Renzi, Mark D. Roehrs, 2015-06-01 World War II laid the groundwork for much of the international system that exists today especially in the Pacific Rim. This brief but comprehensive survey of the War in the Pacific incorporates both United States and Japanese perspectives providing a global approach to the Asian theater of the conflict. Drawing on decades of new scholarship and written in an engaging narrative style, this book traces United States-Japanese relations from the late nineteenth century to the war's end in 1945. It covers every aspect of the war and gives special attention to ongoing historical debates over key issues. The book also provides new details of many facets of the conflict including expansionism during the 1930s, events and policies leading up to the war, the importance of air power and ground warfare, military planning and strategic goals, the internment of Japanese Americans, U.S. Allied plans and disputes over Russian participation, the decision to drop the atomic bomb, and conditions for surrender.

Yeah, reviewing a ebook **Target Tokyo The Halsey Doolittle Raid** could go to your near associates listings. This is just one of the solutions for you to be successful. As understood, achievement does not suggest that you have extraordinary points.

Comprehending as skillfully as harmony even more than additional will manage to pay for each success. next-door to, the publication as well as perception of this Target Tokyo The Halsey Doolittle Raid can be taken as competently as picked to act.
