Travels with George Nathaniel Philbrick, 2022-05-31 NEW YORK TIMES BESTSELLER Travels with George is quintessential Philbrick a lively courageous and masterful achievement The Boston Globe Does George Washington still matter Bestselling author Nathaniel Philbrick argues for Washington s unique contribution to the forging of America by retracing his journey as a new president through all thirteen former colonies which were now an unsure nation Travels with George marks a new first person voice for Philbrick weaving history and personal reflection into a single narrative When George Washington became president in 1789 the United States of America was still a loose and quarrelsome confederation and a tentative political experiment Washington undertook a tour of the ex colonies to talk to ordinary citizens about his new government and to imbue in them the idea of being one thing Americans In the fall of 2018 Nathaniel Philbrick embarked on his own journey into what Washington called the infant woody country to see for himself what America had become in the 229 years since Writing in a thoughtful first person about his own adventures with his wife Melissa and their dog Dora Philbrick follows Washington s presidential excursions from Mount Vernon to the new capital in New York a monthlong tour of Connecticut Massachusetts New Hampshire and Rhode Island a venture onto Long Island and eventually across Georgia South Carolina and North Carolina The narrative moves smoothly between the eighteenth and twenty first centuries as we see the country through both Washington s and Philbrick s eyes Written at a moment when America s founding figures are under increasing scrutiny Travels with George grapples bluntly and honestly with Washington s legacy as a man of the people a reluctant president and a plantation owner who held people in slavery At historic houses and landmarks Philbrick reports on the reinterpretations at work as he meets reenactors tour guides and other keepers of history s flame He paints a picture of eighteenth century America as divided and fraught as it is today and he comes to understand how Washington compelled enticed stood up to and listened to the many different people he met along the way and how his all consuming belief in the union helped to forge a nation *The Ultimate Guide to the Top 100 Travel Books* Navneet Singh, Introduction Travel books transport us to new destinations immerse us in different cultures and ignite our wanderlust Whether you re an armchair traveler or a seasoned explorer the best travel books offer inspiration insight and adventure This guide highlights 100 of the most essential travel books covering epic journeys cultural explorations historical adventures and modern travel writing Whether you re looking for personal memoirs guidebooks or tales of survival in the wild these books will broaden your perspective and fuel your next adventure Between Two Fires Stephen J. Pyne, 2015-10-15 From a fire policy of

prevention at all costs to today's restored burning *Between Two Fires* is America's history channeled through the story of wildland fire management Stephen J Pyne tells of a fire revolution that began in the 1960s as a reaction to simple suppression and single agency hegemony and then matured into more enlightened programs of fire management It describes the counterrevolution of the 1980s that stalled the movement the revival of reform after 1994 and the fire scene that has evolved since then Pyne is uniquely qualified to tell America's fire story The author of more than a score of books he has told fire's history in the United States Australia Canada Europe and the Earth overall In his earlier life he spent fifteen seasons with the North Rim Longshots at Grand Canyon National Park In *Between Two Fires* Pyne recounts how after the Great Fires of 1910 a policy of fire suppression spread from America's founding corps of foresters into a national policy that manifested itself as a costly all out war on fire After fifty years of attempted fire suppression a revolution in thinking led to a more pluralistic strategy for fire's restoration The revolution succeeded in displacing suppression as a sole strategy but it has failed to fully integrate fire and land management and has fallen short of its goals Today the nation's backcountry and increasingly its exurban fringe are threatened by larger and more damaging burns fire agencies are scrambling for funds firefighters continue to die and the country seems unable to come to grips with the fundamentals behind a rising tide of megafires Pyne has once again constructed a history of record that will shape our next century of fire management *Between Two Fires* is a story of ideas institutions and fires It's America's story told through the nation's flames [Driving Lessons](#) Christopher B. Strain, 2025 *Driving Lessons A Road Trip through American Travel Literature* by Christopher B Strain is a study of American travel literature specifically a reflection on the tradition of the American road trip Strain sets out to understand what makes this custom a prototypically American one who travels and why through considerations of race class and gender *Driving Lessons* not only contextualizes earlier American travel narratives but also shows how these journeys of national discovery and personal redemption still resonate with readers and scholars The book deftly blends together the story of the author's own four month sojourn in an old van with the analysis of his literary predecessors travel narratives

Steinbeck's Imaginarium Robert DeMott, 2022-11-15 In *Steinbeck's Imaginarium* Robert DeMott delves into the imaginative creative and sometimes neglected aspects of John Steinbeck's writing DeMott positions Steinbeck as a prophetic voice for today as much as he was for the Depression era 1930s as the essays explore the often unknown or unacknowledged elements of Steinbeck's artistic career that deserve closer attention He writes about the determining scientific influences such as quantum physics and ecology in *Cannery Row* and considers Steinbeck's addiction to writing through the lens of the extensive obsessive full length journals that he kept while writing three of his best known novels *The Grapes of Wrath* *The Wayward Bus* and *East of Eden* DeMott insists that these monumental works of fiction all comprise important statements on his creative process and his theory of fiction writing DeMott further blends his personal experience as a lifelong angler with a reading of several neglected fishing episodes in Steinbeck's work Collectively the chapters illuminate John Steinbeck as a

fully conscious self aware literate experimental novelist whose talents will continue to warrant study and admiration for years to come

Climbing the Rainbow Lloyd J. Ogilvie, 2008-07-06 Back in print from Lloyd Ogilvie Today's pressures can create an undercurrent of panic Stress failure grief anger pain loneliness or discouragement often leave us feeling empty and weary When the clouds of despair cover the sky and your life is socked in by an endless storm your faith may falter as the questions build Why me Has God let me down What good can come of this You don't have to let daily problems steal your happiness Climb the rainbow Claim God's promise Live the abundant life God intends [A New Study Guide to Steinbeck's Major Works, with Critical Explications](#) Tetsumaro Hayashi, 1993

Poverty in John Steinbeck's *The Pearl* Louise Hawker, 2012-01-12 This informative volume examines John Steinbeck's life and work with a specific look at key ideas related to *The Pearl* The book discusses a variety of topics including whether Kino chooses enslavement to wealth in order to escape poverty and whether the townspeople have a parasitic relationship with the poor The book also explores contemporary perspectives on poverty such as the changing views of the term culture of poverty and the relationship between Western materialism and spiritual depression

The Vanishing American Adult Ben Sasse, 2017-05-16 THE INSTANT NEW YORK TIMES BESTSELLER In an era of safe spaces trigger warnings and an unprecedented election the country's youth are in crisis Senator Ben Sasse warns the nation about the existential threat to America's future Raised by well meaning but overprotective parents and coddled by well meaning but misbegotten government programs America's youth are ill equipped to survive in our highly competitive global economy Many of the coming of age rituals that have defined the American experience since the Founding learning the value of working with your hands leaving home to start a family becoming economically self reliant are being delayed or skipped altogether The statistics are daunting 30% of college students drop out after the first year and only 4 in 10 graduate One in three 18 to 34 year olds live with their parents From these disparate phenomena Nebraska Senator Ben Sasse who as president of a Midwestern college observed the trials of this generation up close sees an existential threat to the American way of life In *The Vanishing American Adult* Sasse diagnoses the causes of a generation that can't grow up and offers a path for raising children to become active and engaged citizens He identifies core formative experiences that all young people should pursue hard work to appreciate the benefits of labor travel to understand deprivation and want the power of reading the importance of nurturing your body and explains how parents can encourage them Our democracy depends on responsible contributing adults to function properly without them America falls prey to populist demagogues A call to arms *The Vanishing American Adult* will ignite a much needed debate about the link between the way we're raising our children and the future of our country

Summary of John Steinbeck's *Travels with Charley in Search of America* Everest Media, 2022-03-20T22:59:00Z Please note This is a companion version not the original book

Sample Book Insights 1 When the virus of restlessness begins to take possession of a wayward man and the road away from Here seems broad and straight he must first find a good and sufficient reason for going Then he must plan his trip in time

and space choose a direction and a destination 2 I wanted to travel and see the country again so I wrote to the head office of a great corporation that manufacture trucks I wanted a three quarter ton pick up truck capable of going anywhere under possibly rigorous conditions and I wanted a little house built like the cabin of a small boat 3 The best way to attract attention help and conversation is to be lost A man who sees his mother starving to death on a path will cheerfully give wrong directions to a stranger who claims to be lost 4 I knew that I would not be able to write hot on an event so I prepared for a week of emergency I took writing material and dictionaries encyclopedias and reference books I knew I would never get around to reading them

Lone Star Mind Ty Cashion, 2018-11-01 There is the story the Lone Star State likes to tell about itself and then there is the reality a Texas past that bears little resemblance to the manly Anglo myth of Texas exceptionalism that maintains a firm grip on the state's historical imagination *Lone Star Mind* takes aim at this traditional narrative holding both academic and lay historians accountable for the ways in which they craft the state's story A clear sighted far reaching work of intellectual history this book marshals a wide array of pertinent scholarship analysis and original ideas to point the way toward a new usable past that twenty first century Texans will find relevant Ty Cashion fixes T R Fehrenbach's *Lone Star A History of Texas and the Texans* in his crosshairs in particular laying bare the conceptual deficiencies of the romantic and mythic narrative the book has served to codify since its first publication in 1968 At the same time Cashion explores the reasons why the collective efforts of university trained scholars have failed to diminish the appeal of the state's iconic popular culture despite the fuller and more accurate record these historians have produced Framing the search for a collective Texan identity in the context of a post Christian age and the end of Anglo male hegemony *Lone Star Mind* illuminates the many historiographical issues besetting the study of American history that will resonate with scholars in other fields as well Cashion proposes that a cultural history approach focusing on the self interests of all Texans is capable of telling a more complete story a story that captures present day realities

Dog Tales Susy Flory, 2011-07-01 Animal owners consider their pets God given gifts and love to read about their exploits and adventures With passion and heart ardent dog lover Susy Flory offers true inspirational stories about amazing acts of courage boldness and dedication by canines including Guide dog Roselle who led her partner down 78 flights of stairs after the World Trade Center attack Kaiser who gave his owner a struggling veteran a reason to live Blue who fought an alligator to protect her elderly master Through these engaging and heartwarming tales readers will be touched by how these much loved animals answered prayer and revealed God's loving heart

American Road Narratives Ann Brigham, 2015-06-29 The freedom to go anywhere and become anyone has profoundly shaped our national psyche Transforming our sense of place and identity whether in terms of social and economic status or race and ethnicity or gender and sexuality American mobility is perhaps nowhere more vividly captured than in the image of the open road From pioneer trails to the latest car commercial the road looms large as a form of expansiveness and opportunity Too often it is the celebratory idea of the road as a free floating zone moving the traveler

beyond the typical concerns of space and time that dominates the discussion Rather than thinking of mobility as an escape from cultural tensions however Ann Brigham proposes that we understand mobility as a mode of engagement with them She explores the genre of road narratives to show how mobility both thrives on and attempts to manage shifting conflicts about space and society in the United States From the earliest transcontinental automobile narratives from the 1910s through classics like Jack Kerouac s *On the Road* and the film *Thelma Louise* up to post 9 11 narratives Brigham traces the ways in which mobility has been imagined created and interrogated over the past century and shows how mobility promises and threatens to incorporate the outsider and to blur boundaries Bringing together textual and cultural analysis theories of spatiality and sociohistorical frameworks this book offers an invigoratingly different view of mobility and a new understanding of the road narrative s importance in American culture Choice Outstanding Academic Title from American Library Association

The Psychology of Travel Andrew Stevenson,2023-05-02 Why do we travel Are holidays good for our health What are the social and psychological factors that drive us to move *The Psychology of Travel* provides an eclectic introduction to the range of travel experiences from commuting to going on holiday to studying abroad Travel is a near universal experience and manifests itself in various forms from everyday experiences to exotic adventure although it varies across time and cultures The book unpacks the concept of travel and engages with topics including migration wellbeing acculturation wayfinding slow travel place attachment and nostalgia and brings them into sharp focus in relation to globalisation and climate change By asking what drives us to journey and offering key insights into the psychological factors behind different kinds of travel *The Psychology of Travel* introduces the reader to new ways of thinking about global mobility and movement

Texas Politics Cal Jillson,2019-02-25 The seventh edition of this popular text has been expanded and updated to better fit the needs of a stand alone Texas politics course Jillson continues to approach the politics of the Lone Star State from historical developmental and analytical perspectives while giving students the most even handed readable and engaging description of Texas politics available today Students are encouraged to connect the origins and development of government and politics in Texas to its current practice and alternatives possible through change and reform This text helps instructors prepare their students to master the origin and development of the Texas Constitution the structure and powers of state and local government in Texas how Texas fits into the U S federal system as well as political participation the electoral process and public policy in Texas *Texas Politics* offers instructors and students an unmatched range of pedagogical aids and tools Each chapter opens with an engaging vignette and a series of focus questions to orient readers to the learning objectives at hand and concludes with a chapter summary a list of key terms review questions suggested readings and web resources Let s Compare boxes help students see how Texas sits alongside other states Texas Legends boxes spotlight key figures in Texas political history Pro Texas voter ID law updates redistricting cases the right of secession and *Obergefell v Hodges* Provides a detailed study of the 2018 2019 state budget and the taxing and spending decisions that went into it

including the Texas Supreme Court school funding decision of 2016 **Soul, Community and Social Change** Peter Westoby, 2017-05-15 At a time when inequalities are growing globally when the pace of socio economic transitions is rapid and when traditional ties of community are under threat of dissolving soul offers a new way of thinking imaginatively about how people might respond both individually and collectively in social change work In exploring ideas such as soul soulful soul of the world and soul force Peter Westoby invites readers to disrupt their taken for granted assumptions about community practice and to foreground ethics quality being and the aesthetic Drawing on work of people such as James Hillman Thomas Moore and Bifo Berardi he insists on the need to bring more depth into practice eschewing contemporary trends of soulless analysis measuring and technique Written in dialogue with eight practitioner scholars from around the world the book suggests a fresh terrain for community work and social change theorising Illustrated by images of Australian cartoonist prophet Michael Leunig the book also promises to unlock new imaginative spaces for dreaming A soul perspective will resonate with people searching for both a robust socio political response to the world and an imaginative poetic and mindful centring of self other and the planet to their practice
