Second Edition** Richard R. Jurin,Donny Roush,K. Jeffrey Danter,2010-07-20 Environmental professionals can no longer simply publish research in technical journals Informing the public is now a critical part of the job Environmental Communication demonstrates step by step how it's done and is an essential guide for communicating complex information to groups not familiar with scientific material It addresses the entire communications process from message planning audience analysis and media relations to public speaking skills a good communicator must master for effective public dialogue Environmental Communication provides all the knowledge and tools you need to reach your target audience in a persuasive and highly professional manner This book will certainly help produce the skills for environmental communications sorely needed for industry government and non profit groups as well as an informed public Sol P Baltimore Director Environmental Communications and Adjunct faculty Hazardous Waste management program Department of Chemical Engineering College of Engineering Wayne State University Detroit Michigan All environmental education professionals agree that the practice of good communications is essential for the success of any program This book provides practical skills for this concern Ju Chou Associate Professor Graduate Institute of Environmental Education National Taiwan Normal University Taipei Taiwan   **Principles of Environmental Science** William P. Cunningham,Mary Ann Cunningham,2009 A discussion of how science can help us find solutions for important environmental issues Each chapter starts with an opening vignette of an environmental problem showing the principles to be presented in the text   **Taking Sides** Taking Sides Staff,1996 Methods systems and techniques of teaching controversial issues   **Taking Sides** **Environmental Issues** Thomas A. Easton,2005 This is a debate style reader designed to introduce students to controversies in environmental policy and science The readings which represent the arguments of leading environmentalists scientists and policymakers reflect a variety of viewpoints and have been selected for their liveliness and substance and because of their value in a debate framework For each issue the editors provide a concise introduction and postscript summary The introduction sets the stage for the debate as it is argued in the yes and no readings and the postscript briefly reviews the opposing views and suggests additional readings on the controversial issue under discussion Back cover   **Taking Sides** Thomas A. Easton,2008 This is a debate style reader designed to introduce students to controversies in environmental policy and science The readings which represent the arguments of leading environmentalists scientists and policymakers reflect a variety of viewpoints and have been selected for their liveliness and substance and because of their value in a debate framework For each issue the editors provide a concise introduction and postscript summary The introduction sets the stage

for the debate as it is argued in the yes and no readings The postscript briefly reviews the opposing opinions and suggests additional readings on the controversial issue under discussion Back cover     Society in Focus William E. Thompson,Joseph V. Hickey,Mica L. Thompson,2016-04-20 Examining the role of mass media and information technology in contemporary society Society In Focus Eighth Edition emphasizes the increasing diversity and globalization of societies everywhere It is designed to help students think clearly and critically about sociological issues concepts and methods Questioning is at the heart of this approach and as students read this book they are encouraged to become part of the sociological enterprise rather than remain passive observers Every element of the text is designed to challenge students to evaluate social issues and guided by the sociological imagination to clearly formulate their own positions By asking questions that demand sociological and creative thought students are reminded that their conclusions and decisions as well as their non decisions and inaction may have important social consequences New to this edition New coauthor Mica Thompson an experienced teacher of introduction to sociology brings a fresh new perspective as well as a wide array of different life experiences to this edition of Society in Focus An expanded critical analysis in Chapter 1 introduces all forms of media and technology and every chapter examines an aspect of their powerful social influence Chapters 9 16 and 17 have been updated to include the most recent worldwide financial and economic developments to help explain globalization and cultural diversity Expanded application of feminist theory in every chapter to help students recognize the importance of gender diversity and the contributions of that theoretical perspective in sociology Updated and brand new boxes throughout encourage students to take a closer look at society and selected social issues     **Environmental Justice** Kristin Shrader-Frechette,2002-09-26

Shrader Frechette offers a rigorous philosophical discussion of environmental justice Explaining fundamental ethical concepts such as equality property rights procedural justice free informed consent intergenerational equity and just compensation and then bringing them to bear on real world social issues she shows how many of these core concepts have been compromised for a large segment of the global population among them Appalachians African Americans workers in hazardous jobs and indigenous people in developing nations She argues that burdens like pollution and resource depletion need to be apportioned more equally and that there are compelling ethical grounds for remedying our environmental problems She also argues that those affected by environmental problems must be included in the process of remedying those problems that all citizens have a duty to engage in activism on behalf of Environmental Justice and that in a democracy it is the people not the government that are ultimately responsible for fair use of the environment     **Resources in Education** ,1990     Technology and Society Deborah G. Johnson,Jameson M. Wetmore,2008-10-17 An anthology of writings by thinkers ranging from Freeman Dyson to Bruno Latour that focuses on the interconnections of technology society and values and how these may affect the future Technological change does not happen in a vacuum decisions about which technologies to develop fund market and use engage ideas about values as well as calculations of costs and benefits This anthology focuses

on the interconnections of technology society and values It offers writings by authorities as varied as Freeman Dyson Laurence Lessig Bruno Latour and Judy Wajcman that will introduce readers to recent thinking about technology and provide them with conceptual tools a theoretical framework and knowledge to help understand how technology shapes society and how society shapes technology It offers readers a new perspective on such current issues as globalization the balance between security and privacy environmental justice and poverty in the developing world The careful ordering of the selections and the editors introductions give Technology and Society a coherence and flow that is unusual in anthologies The book is suitable for use in undergraduate courses in STS and other disciplines The selections begin with predictions of the future that range from forecasts of technological utopia to cautionary tales These are followed by writings that explore the complexity of sociotechnical systems presenting a picture of how technology and society work in step shaping and being shaped by one another Finally the book goes back to considerations of the future discussing twenty first century challenges that include nanotechnology the role of citizens in technological decisions and the technologies of human enhancement

**Power, Politics, and Society** Betty A Dobratz,2015-10-14 Power Politics Society An Introduction to Political Sociology discusses how sociologists have organized the study of politics into conceptual frameworks and how each of these frameworks foster a sociological perspective on power and politics in society This includes discussing how these frameworks can be applied to understanding current issues and other real life aspects of politics The authors connect with students by engaging them in activities where they complete their own applications of theory hypothesis testing and forms of inquiry
