Short Stories A.I. Vol 1 Johnny Autobot, 13 Short Stories written by artificial intelligence. 211 Pages. Short Stories Vol 1-4 Bill Valiontis, 2023-12-10. 52 Short Stories. Faulkner On and Off the Page Carl Rollyson, 2025-04-15. Though numerous biographies have been published on William Faulkner readers are often presented conflicting interpretations of his life and work. Faulkner's view of himself and his own family was mercurial and it is widely acknowledged that Faulkner was an unreliable narrator of his own life. As a result biographies of Faulkner echo and complicate the multitude of ways he portrayed himself accepting that truth if it exists is subjective. Like his work Faulkner's own life then is not only open to different readings but welcomes them within the landscape of his oeuvre. Faulkner On and Off the Page acknowledges the challenges of factifying a life into a textual narrative while also emphasizing the potential for biography to establish a throughline that traces how literature emerges from life and in turn shapes the life narrative. Faulkner constructed for himself. Unburdened by the sanctity of the written word Faulkner embraced mutability and perpetual evolution. This process of reinvention also manifests within the pages of Faulkner's biographies as each biographer brings a unique context and perspective shaped by generations of Faulkner scholars. Rather than thinking of Faulkner as exclusively the great high modernist who strayed to Hollywood when he needed the money and stayed home when he didn't this book portrays an unsettled writer incessantly on the move incorporating what only looked like alien elements into his work while maintaining a public persona that disparaged anything that did not fit the narrative of the novelist he created in interviews, essays and speeches. This book attempts to carry on the work of finding the man on the page even as he is shaping
