Tascam 238 User Manual:

DB ,1989 *TASCAM* Randy Alberts,2003 Book *TASCAM 30 Years of Recording Evolution* is an informative archival book devoted to the company's groundbreaking product line and the people who created it. Recalling the company's perennial leadership role in the music and pro audio industries, firsts include the 1/2 inch 8 track recorder the Portastudio and the digital DA 88 with a glimpse towards the future. This book warmly portrays key past and present employees by re-visiting the landmark products they've built together since 1974. Quotes from respected musicians and producers who have trusted TASCAM gear for seminal recordings including Bo Diddley, Jim Keltner and Alan Parsons are sprinkled throughout this timeline-based book. Learn how TASCAM products changed the way musicians captured their ideas and empowered a new generation of songwriters and engineers. Wow! The first classic piece of TASCAM gear I had was the first 4 track Portastudio. That thing allowed me to put so many classic P-Funk song ideas down that I can't even count 'em. Bootsy Collins, Bassist, Songwriter. *Recording Engineer/producer*, 1990 **Multi-track Recording** Dominic Milano, 1988 With the advent of new technology at lower prices, high quality home recording has become an accessible and even essential aspect of being a musician today. The third edition incorporates a contemporary pedagogical design, offering a variety of learning aids to help readers understand and review basic concepts, history and milestones in electronic music. **Perspectives on German Popular Music** Michael Ahlers, Christoph Jacke, 2016-11-25 In this book, native popular musicologists focus on their own popular music cultures from

Germany Austria and Switzerland for the first time from subcultural to mainstream phenomena from the 1950s to contemporary acts Starting with an introduction and two chapters on the histories of German popular music and its study the volume then concentrates on focused detailed and yet concise close readings from different perspectives including particular historical East and West German perspectives mostly focusing on the music and its protagonists Moreover these analyses deal with very original specific genres such as Schlager and Krautrock as well as transcultural genres such as Punk or Hip Hop There are additional chapters on characteristically German developments within music media journalism and the music industry The book will contribute to a better understanding of German Austrian and Swiss popular music and will interconnect international and especially Anglo American studies with German approaches The book as a consequence will show close connections between global and local popular music cultures and diverse traditions of study **EQ.**,2000
