being so taken Some critics also speculated that he chose the title and format for economic reasons as the aforementioned novels by African Americans were not particularly financially successful in comparison to more traditional non fictional slave narratives Regardless Johnson s novel received favorable reviews but it did not sell well when it was released In 1927 Alfred Knopf reissued The Autobiography of an Ex Colored Man but changed the spelling of colored to coloured and identified Johnson as the author Unlike the first printing the sales were very strong this time around The novel s popularity was no doubt due to Johnson s respected standing as a man of letters and as the leader of the NAACP during the Harlem Renaissance An introduction by Carl Van Vechten another Renaissance luminary addressed the intersection of the real author and the fictional narrator The Autobiography of course in the matter of specific incident has little enough to do with Mr Johnson s own life but it is imbued with his personality and feelings his views of the subjects discussed so that to a person who has no previous knowledge of the author s own history it reads like a real autobiography Contemporary criticism of the novel focuses on whether or not the narrator is self loathing and racist the complicated nature of racial identity and passing at the turn of the century and the relationship between the author and the narrator
