Shopomania Paul Berton, 2022-10-15 A thought provoking and provocative challenge to consumerism with plenty of name dropping and celebrity antics Sassy and satirical Shopomania is an economic environmental and social study This light hearted dark souled dictionary of coined words or shoponyms takes readers on a roller coaster ride of avaricious antics and outrageous profligacy Shopping in one form or another has existed for millennia but aside from a few slumps each generation has outdone the previous one In the past fifty years shopping and its associated carbon footprint has grown exponentially Berton argues that if we invented today s consumer culture then we can invent something to replace it We can do a better job of making the cycle of stuff truly circular rather than linear We can be more environmentally socially and politically conscious of what we buy and how it comes to us and where it will go after we are finished with it A species that has made shopping ubiquitous can figure all these things out with little more than co operation and creativity and by asking if it is really necessary to own it now as we have been told endlessly since childhood Must we possess a thing to enjoy it Do we really need all that stuff Notes and Queries ,1922 *The Publishers Weekly* ,1917 **Writing the Pre-Raphaelites**

Tim Barringer, 2017-07-05 This vibrant collection of essays claims that a complex network of texts by critics biographers and diarists established the credibility and influence of the Pre Raphaelite movement Throughout the twentieth century Modernist taste failed to acknowledge the achievement of oppositional groupings such as the Pre Raphaelites The essays collected here however reveal that the British group anticipated later avant gardes by using the written word to configure for itself a radical artistic identity Public and critics alike were scandalized by the radicalism of Pre Raphaelite painting its unflinching portrayal of historical figures and of contemporary life and its irreverent attitude to artistic convention Pre Raphaelitism s innovations were not confined to style new forms of artistic identity and behaviour were explored As the contributors interrogate the texts through which Pre Raphaelitism was constructed they demonstrate that the movement s wide influence as a cultural phenomenon derived from the interplay between exhibited works and critical discourse Applying a range of sophisticated methodologies from the fields of literary studies art history and cultural studies these interdisciplinary essays uncover the neglected role of texts in the success of the Pre Raphaelite rebellion and argue in favor of a new centrality for this movement in the history of nineteenth century European culture **The A-Z of the**

International Art Market Tom Flynn, 2016-11-03 A comprehensive wide ranging and historically well informed account

Charles Saumarez Smith Royal Academy of Arts It is estimated that there are over 300 000 companies involved in the world s art market employing around 2 8 million people But the art world carries a veneer of mystery and secrecy that many people find daunting and the language used by market insiders can be alienating and confusing to those new to the art market The A Z of the International Art Market not only clarifies useful terms and definitions but also represents a significant contribution to the fast developing processes of transparency and democratisation in the global art business Comprising art market terms and core concepts both historical and contemporary this book is a long awaited reference source that offers a unique introduction to a dynamic business sector The A Z of the International Art Market provides an accessible and thorough insight into critical areas of market practice and custom that anyone involved in the art market will find useful and enlightening *Scribner's Monthly* Josiah Gilbert Holland, Richard Watson Gilder, 1914 *T.P.'s Weekly*, 1914 **Belles**

and Poets Julia Nitz, 2020-11-04 In *Belles and Poets* Julia Nitz analyzes the Civil War diary writing of eight white women from the U S South focusing specifically on how they made sense of the world around them through references to literary texts Nitz finds that many diarists incorporated allusions to poems plays and novels especially works by Shakespeare and the British Romantic poets in moments of uncertainty and crisis While previous studies have overlooked or neglected such literary allusions in personal writings regarding them as mere embellishments or signs of elite social status Nitz reveals that these references functioned as codes through which women diarists contemplated their roles in society and addressed topics related to slavery Confederate politics gender and personal identity Nitz s innovative study of identity construction and literary intertextuality focuses on diaries written by the following women Eliza Frances Fanny Andrews of Georgia 1840 1931 Mary Boykin Miller Chesnut of South Carolina 1823 1886 Malvina Sara Black Gist of South Carolina 1842 1930 Sarah Ida Fowler Morgan of Louisiana 1842 1909 Cornelia Peake McDonald of Virginia 1822 1909 Judith White Brockenbrough McGuire of Virginia 1813 1897 Sarah Katherine Kate Stone of Louisiana 1841 1907 and Ella Gertrude Clanton Thomas of Georgia 1843 1907 These women s diaries circulated in postwar commemoration associations and several saw publication The public acclaim they received helped shape the collective memory of the war and according to Nitz further legitimized notions of racial supremacy and segregation Comparing and contrasting their own lives to literary precedents and fictional role models allowed the diarists to process the privations of war the loss of family members and the looming defeat of the Confederacy *Belles and Poets* establishes the extent to which literature offered a means of exploring ideas and convictions about class gender and racial hierarchies in the Civil War era South Nitz s work shows that literary allusions in wartime diaries expose the ways in which some white southern women coped with the war and its potential threats to their way of life
