

Option	Description
<code>-install</code>	Installs TimesTen.
<code>-uninstall</code>	Uninstalls TimesTen
<code>-batch filename</code>	Installs or uninstalls TimesTen without having to respond to prompts. If <i>filename</i> is specified, the installation reads all installation prompts from the file. The batch file <i>filename</i> is optional. However, TimesTen recommends that you create the batch file and specifically indicate the instance name of the installation. If no batch file is provided or if the batch file does not contain an instance name, TimesTen installs a default instance, using <code>tt1122_bits</code> for the instance name. If an instance with the same name exists on the installation computer, the install procedure fails.
<code>-help</code>	Displays the help message.
<code>-installDoc</code>	Installs the TimesTen documentation.
<code>-quickstart</code>	Installs the Quick Start.
<code>-record filename</code>	Installs or uninstalls TimesTen and records responses to prompts described in filename. The file can then be used as the parameter to the <code>-batch</code> option.
<code>-verbose</code>	Displays extra installation information.

Timesten Programming Guide:

Students' Guide to Programming Languages Malcolm Bull, 2016-06-06 Students Guide to Programming Languages introduces programming languages emphasizing why they are needed how they are defined and constructed and where and how they are used With greater access to computers at work at school and in the home more and more people are now able to write programs Only a small number of these people recognize the underlying features of the programming languages they are using and even fewer people appreciate the features that are common to most programming languages This book demonstrates how most programming languages are based upon the same concepts and how knowledge of these concepts can benefit the analyst and the programmer When specifying computer solutions to real problems the systems analyst and the programmer must be able to stand back from the particular problem in hand and visualize a solution that is independent of the constraints and limitations imposed by the programming language itself The text helps in achieving these goals The book as well is suitable for college students following BTEC and City and Guilds courses in computer studies and IT topics including professional commercial and end users

Troubled Waters Richard A. Bartlett,1995 Since 1908 the corporate giant now known as Champion International has operated a pulp and paper mill along the banks of the Pigeon River in Canton North Carolina As a result during most of those years this once sparkling Appalachian stream has been virtually useless except as an industrial sewer foamy foul smelling molasses colored By polluting the river the mill that brought prosperity to Canton stunted the economic growth of the downstream communities in Cocke County Tennessee Although public pressure to clean up the Pigeon surfaced intermittently it has been only in the years since 1985 that two organizations the Pigeon River Action Group and the Dead Pigeon River Council have mounted a sustained drive against the ongoing pollution Today following a multimillion dollar upgrading of the Champion mill the Pigeon River is cleaner but hardly pristine Moreover there is little evidence that Champion carried out its modernization for any reasons other than economic ones
