Manistee County Surveyor Pat Bentley shares a laugh with Bear Lake students who take part in the Trig Star program that has students use Trigonometry to solve surveying problems. Students take a test that can qualify them for cash awards that are given by the Michigan Society of Surveyors.

Learning by example

County surveyor guides students in Trig Star program

BEAR LAKE — Abnermarche Consultants Inc. and Manistee County Surveyor Pat Bentley said the most rewarding thing about taking the Trig Star program to the local high schools is to see that moment when the proverbial light bulb goes on in a student's head, signifying they really grasp why trigonometry is important.

Bentley has been going to Bear Lake and the Manistee Area Public Schools for several years with the program, and he said it has done a great deal to help the students understand how people use this form of mathematics in their daily jobs.

"The Trig Star program is an opportunity to introduce the students to the surveying profession," said Bentley. "It also shows them some practical applications to the trigonometry they are learning here in Bear Lake in Mr. (Lewon) Johnson's class. Things like right angles, sine and cosine are the things they sit in that desk and hear about, but now I will show them where I use it every day

followed to become a surveyor. He also had some classroom and field exercises planned with them where they would actually get the opportunity to get some hands-on application work with his surveying equipment.

"On Wednesday I will be back to do the field exercise, and then on Friday I will give them the exam," said Bentley. "With Bear Lake being such a small school, we have been fortunate in having kids score in the top 20 every year. That is pretty amazing when some of these schools taking it have 200 and 300 kids. This year I might have only 10 kids I give it to here at Bear Lake."

A few years ago former Bear Lake student Roger Mullet recorded a sixth place finish, and Bentley said it was something that speaks volumes for the education they are receiving at Bear Lake Schools.

"There are thousands of kids taking that test every year and that is a race put on the back to finish sixth," said Bentley. "It says a lot about what Mr. Johnson is doing here with trigonometry."

Bentley said that Johnson has told her the program really has a positive impact on her students.

West Shore Shoppers Guide:

Embracing the Tune of Appearance: An Emotional Symphony within **West Shore Shoppers Guide**

In a global consumed by monitors and the ceaseless chatter of immediate interaction, the melodic beauty and psychological symphony produced by the written term usually diminish into the back ground, eclipsed by the relentless noise and disruptions that permeate our lives. But, situated within the pages of **West Shore Shoppers Guide** an enchanting literary value filled with natural emotions, lies an immersive symphony waiting to be embraced. Constructed by a masterful composer of language, this charming masterpiece conducts viewers on a psychological trip, well unraveling the hidden songs and profound influence resonating within each carefully constructed phrase. Within the depths of the poignant analysis, we can examine the book is key harmonies, analyze their enthralling publishing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
