Western Front 1917 1918 Despatches From The Front:

Western Front, 1917-1918 John Grehan, Martin Mace, 2014-08-30 From the moment the German army moved quietly into Luxemburg on 2 August 1914 to the Armistice on 11 November 1918 the fighting on the Western Front in France and Flanders never stopped There were quiet periods just as there were the most intense savage huge scale battles The war on the Western Front can be thought of as being in three phases first a war of movement as Germany attacked France and the Allies sought to halt it second the lengthy and terribly costly siege warfare as the entrenched lines proved impossible to crack late 1914 to mid 1918 and finally a return to mobile warfare as the Allies applied lessons and technologies forged in the previous years As with previous wars British Commanders in Chief of a theatre of war or campaign were obliged to report their activities and achievements to the War Office in the form of a despatch and those written from the Western Front provide a fascinating detailed and compelling overview of this part of the First World War This volume concludes with Field Marshal Sir Douglas Haig s fascinating despatch originally published in 1919 on the execution of the fighting on the Western Front The Western Front 1917-1918 Earl Douglas Haig Haig, 2014

From the moment the German army moved quietly into Luxembourg on 2 August 1914 to the Armistice on 11 November 1918 the fighting on the Western Front in France and Flanders never stopped As with previous wars British Commanders in Chief of a theatre of war or campaign were obliged to report their activities and achievements to the War Office in the form of a despatch and those written from the Western Front provide a fascinating detailed and compelling overview of this part of the First World War **Wycliffe and the War**

Wycliffe College, 1923 The New Larned History for Ready Reference, Reading and Research Josephus Nelson

Larned, 1924 The First VCs John Grehan, 2016-10-31 Officers led and men followed all were expected to do their duty without thought of reward Enlisted men rarely penetrated the officer ranks and promotion owed more to money than merit Then came the Crimean War The incompetence and ineffectiveness of the senior officers contrasted sharply with the bravery of the lower ranks Fuelled by the reports from the first ever war correspondents which were read by an increasingly literate public the mumblings of discontent rapidly grew into a national outcry Questions were asked in Parliament answers were demanded by the press why were the heroes of the Alma Inkerman and the Charge of the Light Brigade not being recognised Something had to be done That something was the introduction of an award that would be of such prestige it would be sought by all men from the private to the Field Marshal It would be the highest possible award for valour in the face of the enemy and it bore the name of the Queen for whom the men fought This is the story of how the first Victoria Crosses were attained in the heat of the most deadly conflict of the nineteenth century It is also an examination of how the definition of courage as recognised by the awarding of VCs evolved from saving the regimental colours at the Alma to saving a comrade in the No Mans Land before Sevastopol **Special collections** Princeton University. Library, 1920 **Manchester University Roll of Service** University of Manchester, 1922 **The Record of Old Westminster** Westminster School (London,

England),1928 *The Monthly Army List* Great Britain. Army,1924-07 **Handbook for the Q.F.** Great Britain. War Office,1929 *The Army List* ,1927 *Handbook for the Q.F. 13-pr. Marks I to III Guns on Mark I Field Carriage* Great Britain. War Office,1929 *The Half-yearly Army List* Great Britain. War Office,1928 **The Charge of the Light Brigade** John Grehan,2017-03-30 A compelling portrait of the fateful Crimean War cavalry charge told through the soldiers own words Historical Novels Review The most notorious and most contentious cavalry charge in history still remains an enigma Though numerous books have been written about the charge all claiming to reveal the truth or to understand the reason why exactly what happened at Balaklava on October 25 1854 continues to be fiercely debated Voices from the Past The Charge of the Light Brigade relives that fateful day not through the opinions of historians but from the words of those that were there This is the story of the charge told by the soldiers of both sides in the most detailed description of the Battle of Balaklava yet written Gallop with the light dragoons and lancers into the mouths of the Russian cannon as the shells and cannonballs decimate their ranks Read of the desperate efforts to return down the Valley of Death as the enemy pressed around the remnants of the Light Brigade and of the nine Victoria Crosses won that day Possibly more significant are the accusations and counter arguments that followed the loss of the Light Brigade Just who was responsible for that terrible blunder The leading figures all defended their own positions leading to presentations in Parliament and legal action Yet one of those senior figures made an astonishing admission immediately after the battle only to change his story when the charge became headline news Just who was it that made the fatal error that cost the British Army its Light Brigade Quotations from contemporary sources skillfully woven together How literate those Victorians were even the private soldiers Historical Novels Review **Unjustly Dishonored** Robert H. Ferrell,2011-05-20 For nearly one hundred years the 92nd Division of the U S Army in World War I has been remembered as a military failure The division should have been historically significant It was the only African American division of the American Expeditionary Forces in France Comprised of nearly twenty eight thousand black soldiers it fought in two sectors of the great battle of the Meuse Argonne the largest and most costly battle in all of U S history Unfortunately when part of the 368th Infantry Regiment collapsed in the battle s first days the entire division received a blow to its reputation from which it never recovered In *Unjustly Dishonored An African American Division in World War I* Robert H Ferrell challenges long held assumptions and asserts that the 92nd in fact performed quite well militarily His investigation was made possible by the recent recovery of a wealth of records by the National Archives The retrieval of lost documents allowed access to hundreds of pages of interviews mostly from the 92nd Division s officers that had never before been considered In addition the book uses the Army s personal records from the Army War College including the newly discovered report on the 92nd s field artillery brigade by the enthusiastic commanding general In the first of its sectors the Argonne the 92nd took its objective Its engineer regiment was a large success and when its artillery brigade got into action it so pleased its general that he could not praise it enough In the attack of General John J Pershing s

Second Army during the last days of the war the 92nd captured the Bois Frehaut the best performance of any division of the Second Army This book is the first full length account of the actual accomplishments of the 92nd Division By framing the military outfit s reputation against cultural context historical accounts and social stigmas the author proves that the 92nd Division did not fail and made a valuable contribution to history that should and now finally can be acknowledged Unjustly Dishonored fills a void in the scholarship on African American military history and World War I studies

Artillery Training Great Britain. War Office, 1928 **Peace Establishments** Great Britain. War Office, 1925 **Signal Training (all Arms)** , 1928 Military Engineering Great Britain. War Office, 1925 **Regulations for the Equipment of the Army** Great Britain. War Office, 1926
